Los Angeles, CA 90012
Attn: Adam Lid, Legislative Assistant Re: Council Motion CF 14-0356

Dear Honorable Members:

I support CF 14-0356, which urges you to request the City Attorney to prepare and present the necessary Ordinances to extend the protections that currently exist for designated wildlife areas for the Sepulveda Basin. I have witnessed birds tangled in discarded fishing lines and I've seen birds die a slow and painful death by swallowing fish hooked with fishing apparatus.

I have been disturbed by people starting barbecues in undesignated areas; sending flames high towards the trees with no regard to potential fires which would destroy the entire basin.

I am discouraged about the unbelievable litter.

Protect the animals and teach people how to respect them.

I am afraid there are many ignorant people who could become responsible stewards if given guidance.
