

LETTER OF INTENT
Between
THE ENGINEERS & ARCHITECTS ASSOCIATION
And
THE CITY OF LOS ANGELES

**REGARDING JOB SPECIFICATIONS, DUTIES, POSSIBLE PAY GRADE REVIEWS
AND ADDITIONS TO THE CLASSIFICATION OF ENVIRONMENTAL COMPLIANCE
INSPECTOR (CLASS CODE 4292) AND OTHER RELATED CLASSIFICATIONS**

The Letter of Agreement dated March 31, 2016 as a part of the EAA Memoranda of Understanding, identified 22 classifications for review of duties and pay grades. The Environmental Compliance Inspector (ECI) series was a part of that Agreement and adjustments were agreed to for the ECI classification as of June 25, 2017.

The City's recent concentrated effort to manage a growing homeless population in recent years has had an impact upon the duties and responsibilities of ECIs and related classifications in this and other Memoranda of Understanding.

As such there is a recognized need for a comprehensive review and evaluation of the ECIs and related classifications. Said review will necessitate the involvement of the Personnel Department, the employing department(s) and any other employee representation units that may be affected.

The completion of this review will not take place prior to June 2018. This may result in recommended adjustments being included in a 2019 Memoranda of Understanding.

Engineers and Architects Association:

Bill Violante
Acting Executive Director

Date: 6/6/17

Gonzalo Barriga
President, Board of Governors

Date: 6/6/17

City of Los Angeles:

Richard H. Llewellyn, Jr.
Interim City Administrative Officer

Date: 6/6/17
