Ms Dickinson,

I'm writing today to voice my support for the Wildlife Corridor Motion being presented to the LA City Planning Committee on Tuesday, April 19th.

This is a very important quality of life issue for the residents (both human and animal) of our great City. Please pass along our feelings to the City Planning Committee to let them know that their constituents strongly support these efforts to keep open space throughout LA.

Thanks,
Jim Johnson

(Please keep my email address private and do not share it with any other entity. Thanks.)
