Subject: Form Submission - Wildlife Linkage Zones - Support council file 14-0518 - wildlife habitat link zones

To: sharon.dickinson@lacity.org

Name: Anita Moss

Email Address: A.moss@ymail.com

Address: Droylsden, Manchester, None M43 7ER United Kingdom

Subject: Support council file 14-0518 - wildlife habitat link zones

Message: I support the wildlife habitat linkage zone ordinance. Santa Monica mountains are an important ecosystem and critical to the surrounding wildlife. Please ensure safe corridors are provided for wild animals so these precious animals are not killed by traffic. It must be done now before it's too late.
