Message: Dear Chairman Huizar and Honorable Members of the PLUM Committee, I am a Citizen for Los Angeles Wildlife and I support a Wildlife Habitat Linkage Zone ordinance. The Santa Monica Mountains is a special mountain range eco-system that runs through the heart of Los Angeles. LA City's eastern portion of urbanized canyons and hillsides between the I-405 and I-5 freeways is a critical Wildlife habitat Linkage Zone that should be established in our municipal code in order to protect the migratory patterns and habitats of our native animals. As part of the ordinance, please make sure every new building project undergoes a checklist and review for wildlife habitat connectivity and permeability. It needs to be passed now.

Message: Dear Chairman Huizar and Honorable Members of the PLUM Committee,

We need spaces for animals to exist with us. We are all interconnected and must save the environment for our kids.

For this reason I support a Wildlife Habitat Linkage Zone ordinance. The Santa Monica Mountains is a special mountain range eco-system that runs through the heart of Los Angeles. LA City's eastern portion of urbanized canyons and hillsides between the I-405 and I-5 freeways is a critical Wildlife habitat Linkage Zone that should be established in our municipal code in order to protect the migratory patterns and habitats of our native animals. As part of the ordinance, please make sure every new building project undergoes a checklist and review for wildlife habitat connectivity and permeability. It needs to be passed now.

Thanks
Adriana

Wildlife Corridor / Santa Monica Mountains (Hillside Ordinance Zone)

Linda Javier <LJavier@rwglaw.com>

Thu, Apr 14, 2016 at 4:28 PM

To: "Sharon.Dickinson@LACity.org" <Sharon.Dickinson@lacity.org>

Ms. Dickinson,

I am writing to you in regards to Council File No. 14-0518. Please note that I strongly urge that this item is discussed as soon as possible and action taken to create a system of wildlife corridors. It is of utmost importance that we hold safety from the freeway, genetic diversity, and increased habitat as the main objectives. Our population is growing at such a rapid pace, if we don't take steps to protect wildlife now, we humans could successfully snuff out their entire existence. Not only do wildlife corridors help the animals, but will also help prevent some of the unfortunate encounters with people.

Please relay my message to the appropriate parties.

Thank you.

Linda Javier

Apr 19 PLUM agenda Re: Koretz's motion on Wildlife Corridors

Kimberly Harris <kimberlyharris@me.com>

Thu, Apr 14, 2016 at 5:54 PM

To: Sharon.Dickinson@lacity.org

To Whom it May Concern:

I am a property owner at the mouth of Big Tujunga Canyon in Sunland CA. We have an unfortunate glut of development and proposed developments that are encroaching on sensitive wild life corridors. I am in full support of CM Koretzs' motion to protect our wildlife and their means of maneuvering through the desecration of their habitat.

Sincerely,

Kimberly Harris

RE: Koretz' Wildlife Corridor Motion LA City Council File 14-0518

Dear LA City and PLUM committee,

I am writing in support of Councilmember Paul Koretz' Wildlife Corridor Motion #14-0518. As a resident from Sunland-Tujunga which is the Gateway to the Los Angeles National Forest I am aware of how our wildlife is in need of protection from over development and create responsible accessibility to these corridors for our sensitive wildlife.

Thank you for your consideration.

Sincerely,
Liliana Sanchez
