Los Angeles City Hall
200 North Spring Street, Room 395 Los Angeles, California 90012

The Atwater Village Neighborhood Council requests a delay in vote until community wide outreach to the public and AVNC is provided. Outreach should include proposed plans, funding, and purpose and change in resources.

Community Impact Statement

The AVNC believes changing the purpose and the function of the current Central Service Yard (CSY) property will have an egregious effect on stakeholders in Atwater Village, especially as it pertains to infrastructure and access to the area.

Proposed changes have not been widely discussed with the stakeholders in the immediate area and the new purpose could include commercial application(s) in the park area adjacent to residential property. The initial motion included visioning as seen in the NELA RC Vision Plan and the LARRC Greenway 2020 plan but what has been failed to be discussed is that the NELA RC Vision plan also states only 4% of the NELA RC respondents (666 total survey - Atwater Village community 137) would like to see commercial and retail on the River.
