there's no reason to put ball parks in Crystal Springs area. There are over 26 acres of soccer fields that could easily give up 3 acres for baseball fields.

the soccer fields already have parking and restroom and concession stand facilities.there's no reason to tear out trees, picnic areas and add parking to a beautiful section of the park. a stage area could be added by the merry go round area without disrupting the wildlife in the old zoo area. if anyone on the committee to change things could take 2 hours to walk through the park and see how it works, they might understand this.

no more development in Griffith Park.

I have been a hiker and horse rider in the park for 25 years. the proposed developments are not needed or wanted. thank you, nancy Lowry
