Dear Chairman O'Farrell and honorable committee members,

PUBLIC COMMENT - Council File #14-0588-Crystal Springs ballfields

POSITION - Appeal

DATE: 8/7/2014

Please No More Development in the Park. The whole point of a park is to be in nature and have a sanctuary for the wildlife. A ball field will use resources aka WATER and manpower which the city doesn't have right now. I have been using the park since 1977 and the amount of land we have already lost to development, car parking etc. is very sad. There are a million empty lots around Los Angeles that could be beautified and better used for a ball field. Why take away a piece of the park which we can never get back. Also a ball field is Not very horse friendly and the Griffith Family designated the park to be a equestrian park.

Please APPEAL the decision to put a a ball field in the Crystal Springs Area.

Sincerely,
Lisa Belen Burditte
