Dear Chairman O'Farrell,

I am writing to urge you to reconsider the creation of a Performing Arts Center. It needs to go through a complete Environmental Review, not just a short Mitigated Negative Declaration. The area that is proposed is more of a wilderness area than a place where hundreds of people will congregate. There will be concrete in place of natural vegetation. There should be a more thorough study of alternative locations that will not have such a huge effect on the beauty and wildness of the Park.

Sincerely,

Kris Sullivan
