Comments for Public Posting: Hello, I would like to ask that ADUs be included as part of the new STR ordinance. As an Airbnb host, I have responsibly accommodated travelers in my guest house, quietly and respectfully. The impression that STR tears apart neighborhoods has been the opposite experience for me. I've grown closer to my neighbors who also have STR, as we guide travelers to each other if our own calendars are full. The possibility of one day looking forward to retiring in our home lead us to create our ADU. This was our dream for our retirement and a way for us to stay in L.A. near other family members as we age. Please don't lump us all in the same basket—we are not landlords creating STR hotels out of apartment buildings, we aren't absentee landlords either. We are 70 year old senior citizens that want to be able to use our entire property to support ourselves. Thank you.
