Dear Councilman Ryu, I am a resident and home owner in Larchmont Village. Thank you for supporting neighborhood conservation. Please support the recommendations from the City Planning Commission and the City Council's Planning and Land Use Management (PLUM) Committee regarding the new BMO/BHO Ordinance Amendments. Please make garages count: further strengthen the BMO/BHO by including all the square footage of attached garages in the total allowable square footage count.

Please help us preserve our beautiful neighborhoods for future generations.

Thank you for your time and consideration,

Sarita Singh

Larchmont Village resident

Architectural Designer

Landscape Designer

Steering Committee Member of HPOZ for Larchmont Heights
