Dear City Council members and Planning Staff,

The first draft of amendments to the BMO/BHO made a good start. By almost 4 to 1, residents' responses supported the meaningful BMO reform outlined in Councilmember Koretz's original motion.

But the latest draft takes a wrong turn by a) preserving loopholes (exemptions and bonuses) that undermined the ordinance in the first place, and b) borrowing elements from recode LA that make the ordinance more difficult to understand and enforce.

The process is off track and is falling behind: Mansionization is spoiling neighborhoods all over LA but Councilmember Koretz's motion (and the first draft of proposed amendments) provided the blueprint for a simple, effective, and reasonable fix that would allow renovations, expansions and new construction, while protecting our treasured neighborhoods from being ravaged by unchecked, short-term real estate speculation and reckless development.

Please, support *and champion* the intent of Councilmember Koretz's original motion. Ensure that the ordinance does not retain (or create new) harmful loopholes - or get so filled with technobabble that it becomes impossible to understand or enforce.

Your voices carry great weight in this matter. You have a wonderful opportunity to show that you have been listening to stakeholders across the city, and that you care about LA's precious residential neighborhoods. It's time for Los Angeles to put stable, sustainable communities ahead of real estate speculation and political pressure and other interests.

Sincerely,

Mary Bankston
