daniel love	Los Angeles, CA	2015-02-23	Too many trucks on street
Fredric Rosen	Los Angeles, CA	2015-02-23	I'm signing because we need to make the community safer. There are too many trucks in the hills. There has been too much dirt removed from the community already.
David Tausik	Los Angeles, CA	2015-02-23	The wholesale gutting of hillsides is destroying our neighborhood and also poses huge dangers to safety.
Larry Kopald	Los Angeles, CA	2015-02-23	I am terrified about the danger these trucks pose for my child and others in Bel Air, as well as the noise and dirt pollution.
Claude Rush	LOS ANGELES, CA	2015-02-23	Bel-air has been taken over by developers who, so far, have had free reins and full approval from the city to turn a once peaceful neighborhood into an unsafe war zone by allowing construction of 20,000 square ft homes on postage stamps. It is detrimental to the environment, it is detrimental to my husband COPD, it is detrimental to our safety when trying to get home we nearly collide with hauling trucks zooming up and down those hills in blind curves. ENOUGH ALREADY! I beg you, pass this law
Callum James	Los Angeles, CA	2015-02-23	I'm signing because every time I walk my dog on Stone Canyon Road I'm fearful that I will get hit by a truck carrying 20 tons of dirt from the narrow Bel Air hills. I know where I'd like to dump it... 100 Bel Air Road.
Susan Rich	Los Angeles, CA	2015-02-23	Our neighborhood has become unsafe because of the huge numbers of hauling trucks; at times convoys of 8 to 10 trucks. It is unsafe for us and our two teenagers to drive, and it is unsafe for us to walk out two dogs. The truck noise and dirt is also a big problem.
Stef Hershman	Antwerpen, Belgium	2015-02-23	We need to put an end to the destruction and disregard for safety in our neighborhood.
Helen Erickson	Los Angeles, CA	2015-02-23	The destruction of all this land & neighborhoods must be stopped. Thank you.
Jamie Meyer	Los Angeles, CA	2015-02-23	Our community is in serious imminent danger and this ordinance is needed immediately
Katherine Arnold	Seattle, WA	2015-02-23	I am overwhelmed every time I come to visit by the dangerous conditions created by the big trucks going up and down the hills.
Steven Ganzberg	Los Angeles, CA	2015-02-23	I'm signing because I fully support adoption of the interim hauling measures
Chantal Burnison	Beverly Hills, CA	2015-02-23	Urgent that this gets resolved per petition asap!
Hayward D. Fisk	Los Angeles, CA	2015-02-23	Excessive trucking and lack of consideration of cumulative impacts without EIR's jeopardizes the safety and peaceful property enjoyment of taxpaying residents in our Bel Air community
Cheryce Fischer	Los Angeles, CA	2015-02-23	I'm signing because of all the detrimental effects this is causing on our community.
Mindy Applebaum	Los Angeles, CA	2015-02-23	the excavation is destroying the natural geography of my neighborhood, making it unsafe to drive due to oversized vehicles on tiny narrow roads and foreseeable risk of injury to individuals living in the area.
Diane Fisk	Los Angeles, CA	2015-02-23	Bel Air is being destroyed by speculation developers cutting off mountain tops, excavating and exporting too much dirt. Please pass the ICO to put a limit on the amount of dirt being removed from the Bel Air hillsides.

Name	Location	Date	Comment
Maureen Levinson	Los Angeles, CA	2015-02-23	I am signing in support of this ICO measure as it is a small step in the right direction to protect our community from the thousands and thousands of hauling trucks on our narrow, windy, steep and multiple blind-curved Bel Air roads.
Sharon Dunas	Los Angeles, CA	2015-02-23	The proposed plan by speculation developer Dean Hallo to take out a mountain at the end of Somma Way in Bel Air is unsafe . Somma Way is 132 inches wide and Mr Hallo has proposed to take out 7700 truckloads of dirt before he starts building a 40 sq ft home at the end of the street. He is planning on putting in commercial pilings for such a massive home on this country lane. His proposal is unsafe for our small street. Sharon Dunas resident on Somma Way
Sharon Dunas	Los Angeles, CA	2015-02-23	Correction: The proposed home being built by speculative developer Dean Hallo is 40,000 sq feet (not 40) at the end of Somma Way. Correction to my previous message. Sharon Dunas
Diane Raiskin	Los Angeles, CA	2015-02-23	It is fringing on my beautiful neighborhood. Stop the Madness. Over growth with no mind for aesthetics and the natural landscaping .
David Oppenheim	Los Angeles, CA	2015-02-23	The large trucks used to haul away all the dirt and the myriad cement trucks bringing in the cement are a danger to the current traffic. Parking near these large constructions also is a real nuisance.
erika brunson	los angeles, CA	2015-02-23	enough is enough
Jaye Rogovin	Los Angeles, CA	2015-02-23	Our lives do not feel safe; our streets do not feel safe. Someone with authority needs to step in to protect us.
Noa Kopald	Los Angeles, CA	2015-02-23	I am nine years old and live here and I am scared I will be hurt.
michael fischer	Los Angeles, CA	2015-02-23	the destruction of our hillsides and subsequent endangerment must end
Richard Rush	LOS ANGELES, CA	2015-02-23	For the sake of peace and beauty some restraints should be put on over building.
Maari Herscu	Los Angeles, CA	2015-02-23	I am directly impacted and believe the developers have had no restrictions to abide by.
sheldon sroloff	los angeles, CA	2015-02-23	I'm concerned about the over-development and attendant safety hazards being caused.
Allan Rudnick	Los Angeles, CA	2015-02-24	This Ordinance is very important to the well-being of the residents of Bel-Air.
Paige Schechtman	Los Angeles, CA	2015-02-24	I am signing because I work on Somma Way and am concerned with the safety of everyone on Somma, Stone Canyon and all of Bel Air. This street is not built to have this many trucks hauling dirt on it. I have measured the width of the street at different points, it is a narrow street and there are others that live and work on it. This must be stopped!
Robert Rich	Los Angeles, CA	2015-02-24	Our Bel Air community is being overrun with large construction projects. Dumptrucks moving earth are a hazard in our community - several near collisions, and they are now a constant problem.
David Silver	Los Angeles, CA	2015-02-24	I want to preserve the beauty and the integrity of Los Angeles!
Jamie Donenfeld	Los Angeles, CA	2015-02-24	I am signing because I have witnessed massive excavation of dirt that has resulted in land slides on my own street.
Judith Bedrosian	Los Angeles, CA	2015-02-24	I support the Bel Air Alliance as my property is impacted by the 901 Strada Vecchia behemoth.
charles meyer	Los Angeles, CA	2015-02-24	i believe this will be a step in bringing responsible development, while heipingto protect the safety and the enviornment of bel air and its residents
Yan Kaye	Los Angeles, CA	2015-02-24	I'm signing this because too big trucks carrying the dirty drive by my house. It's very dangerous for my kids go in and out our gate.

Barbara Nichols

Beverly Hills, CA

2015-02-24

Massive construction and grading must stop.

I am urging you to remove Lower Council District 5, Kentwood, and Mar Vista/East Venice from the Proposed ICO for the following three reasons:

- 1) Residents have not been given time to vet this ordinance;
- 2) This ordinance may even promote building box-like structures, which is the very evil that it wants to prevent; and
- 3) This ordinance applies stricter building conditions to our neighborhood as opposed to neighboring areas, which appears unfair and discriminatory.

First, this ICO became public on February 12, just 12 days ago. When this ordinance was first introduced in October, our neighborhoods were not included. The City has not provided the residents with a reasonable amount of time for public outreach and comment. My neighborhood homeowners association (Century Glen) has not disseminated any information about this ICO on their website or otherwise. I started a petition 24 hours ago, in support of removing these neighborhoods from this ICO, and in that short period of time, I have already garnered 75 signatures in support of their removal.

Second, this ordinance does not preclude building a bland box and may even encourage building this type of structure to maximize square footage. By so severely restricting residential area by taking away the density bonus and counting garages, porches, patios, and breezeways as habitable living space, it may encourage building maximum area without regard to architectural concerns. The result will be houses that look like two bland boxes on top of one another, albeit smaller, which will have a negative impact to the aesthetics of these neighborhoods anyway.

Third, there is no explanation as to why our neighborhoods have tighter building restrictions than neighboring communities. Not only is the 20% bonus density removed but also now garages among other structures count towards habitable living space. What this does is restrict the buildable area in our neighborhoods to 30% of the lot size while other neighborhoods can build up to 58% of their lot size. This differential treatment appears quite unfair and discriminatory.

In sum, my neighbors and I are working class families part of the sandwich generation. We support aging parents while raising children and often work at home a day or two a week. We too do not want to build or see McMansions in our neighborhoods but we want a home comfortable enough to have bedrooms for ourselves, our children, our parents, and a home office. This ICO deprives us of the ability to expand our homes to suit our basic needs, while maintaining the charm of the neighborhood.

**Remove Lower Council District 5, Kentwood, and Mar Vista/East Venice (which includes 90064, 90024, 90025, 90066, 90045, 90291) from the Proposed Interim Control Ordinance which will further restrict construction on residential lots within our community.**

**Constituent in Lower Council District 5**

Los Angeles, CA

75

Supporters

Councilmen Paul Koretz and Mike Bonin are under the impression that most people want stricter limits on the size of new or remodeled homes because that is what is reported in newspapers and what a few vocal residents are pushing. Lower Council District 5, Kentwood, and Mar Vista/East Venice

are family friendly neighborhoods comprised mostly of single-story, 1920's and 1930's homes. Residents wish to have the ability to expand these homes to suit their needs, while maintaining the charm of the neighborhood.

Over the past several months, the City of Los Angeles has been working to further restrict buildable area on residential lots, including removal of the density bonus. The City's Planning Department expects to have these new restrictions prepared within 18 months. However, now Councilmen Paul Koretz and Mike Bonin have introduced an Interim Control Ordinance (ICO) that if adopted would immediately restrict construction on residential lots. Of particular concern is that the ICO would apply to most of the Westside including zip codes 90064, 90024, 90025, 90066, 90045, and 90291. This proposed ICO would not only remove the 20% bonus density so that homeowners would only be able to build up to 50% of the size of their lot but now mandatory covered parking, detached accessory buildings, porches, patios, and breezeways would count towards the livable residential floor area. By way of example, construction of a house on a typical lot size of 6,250 square feet would be limited to a maximum of 2,475 square feet of livable interior floor space since required covered parking, detached accessory buildings, porches, patios, and breezeways will count towards habitable living space. It should be further noted that this change in classification of covered parking, detached accessory buildings, porches, patios, and breezeways does not apply in many other areas and this ordinance is therefore creating much stricter restrictions in these zip codes than in many other neighborhoods to which it applies. In short, this ordinance will deflate our property values compared to our neighboring communities and lower property values means less financial resources for our public school and for other City services.

If you oppose this ICO that would restrict your buildable area to what is really approximately 30% of your lot size and places stricter limits on your neighborhood than others, thereby deflating your property values, then I strongly urge you to sign this petition to voice your opposition to including zip codes 90064, 90024, 90025, 90066, 90045, and 90291 to this Interim Control Ordinance. Time is of the essence as the City plans to pass this ordinance in the next few days.

Thank you!

---

Letter to  
Petitioning Councilman Paul Koretz, District 5 and Councilman Mike Bonin, District 11  
Remove Lower Council District 5, Kentwood, and Mar Vista/East Venice (which includes 90064, 90024, 90025, 90066, 90045, 90291) from the Proposed Interim Control Ordinance which will further restrict construction on residential lots within our community.

Name	Location	Date	Comment
Mitchell Gross	Los Angeles, CA	2015-02-23	I wan to preserve the value of my home and our quality of life.
Robert Kahn	Los Angeles, CA	2015-02-23	It needs further study and vetting and does not appear to be fair to those that may already be in process.
Terri Lubaroff	Los Angeles, CA	2015-02-23	I do not agree with any zoning ordinance that restricts the size of a house to a percentage of lot size. I also vehemently disagree that mandatory covered parking, breezeways and patios should be counted in square footage. Please REPEAL the anti-mansionazation ordinance and definitely do not support any further restrictions. Our property value has already been negatively affected due to the EXPO line across the street. Don't do anything else that will make it hard for us to sell or expand as we meet the needs of our growing family. Thank you.
Oved Fattal	Los Angeles, CA	2015-02-23	Oppose these new restrictions
Rick Lubaroff	Los Angeles, CA	2015-02-23	One size (restriction) does not fit all.
Michael Davis	Los Angeles, CA	2015-02-23	Restrictions like these are just going to force people with families out of the area.
Virginia Bresee	Los Angeles, CA	2015-02-23	Property owners should be able to control what is built on their property, not the city council.
Thomas Martin	Ventura, CA	2015-02-24	I believe what the city is proposing will be detrimental to my communities way of life.
Joanne Martin	Los Angeles, CA	2015-02-24	This will have a devastating financial effect on this community. Please forward to all your contacts if you are reading this.
KEN LEMUNYON	Los Angeles, CA	2015-02-24	These restrictions would be detrimental not only to property values but also to businesses in the area that provide materials and services. The larger homes also provide a substantial increase in property taxes.
Jim Winett	Los Angeles, CA	2015-02-24	I believe that ordinances should only be enacted after VERY careful, thoughtful, open, transparent review to ensure total fairness to those affected and the surrounding areas. I don't feel this has been followed in this instance. How did we, those affected, not know about this??
Robert Guszak	Torrance, CA	2015-02-24	I am singing this petition because, I am in full support of building, remodeling, and increasing the size of homes if the owners wish to do so. I live in a neighborhood in which these restrictions have been implemented, and as a home owner, it is very upsetting to me. I'd hate to see it happen in other areas, especially to friends of mine that live in those areas.
Anne Singleton	Hemet, CA	2015-02-24	I am a homeowner in 90064 and do not want restrictions placed on future renovations, redevelopments and other modifications of single family homes such as min.
Donna Gottlieb	Los Angeles, CA	2015-02-24	I do not agree with the ICO for this area
Malkeet Gupta	Los Angeles, CA	2015-02-24	This will negatively affect the ability of families to move into this area. Please oppose these restrictions

Councilmember Gilbert Cedillo**

**Re: Council File 14-0656, ICO Council District No. 5, Section 3 (F)**

**Gentlemen:**

**My name is Gary Morris. I am a land use consultant with 12 employees and over 50 years of experience in Los Angeles. My company currently is working on over 100 projects, many of which are large single family home sites in Bel Air Council District 5. I am here today, without pay, to address two issues because the proposed ICO as currently drafted will inflict more harm on more people than any benefit it may bestow to a few that already have what they wish to deprive others from obtaining.**

**The first issue is simple - the proposed ICO limits cubic yards of exempt grading to 6,000 cubic yards and is a "one size fits all" solution. The problem is this makes no more sense than one size shoes, suits, meals, wages, taxes, families or friends. If 6,000 cubic yards is appropriate for a 6,000 square foot lot how could it be right for 60,000 square foot lot or a 6 acre lot. A sliding scale allowing grading equal to 5% of the lot area plus 6,000 cubic yards is far more equitable. The second issue is equally simple - The proposed ICO exempts projects already in plan check where no subsequent changes have been made to "increase or decrease" their size by more than 5%. All parties are better served by allowing and encouraging decreases to accommodate legitimate concerns. Just limit increases over 5% and everybody wins.**

**What works for the small lot makes the large lot impractical or impossible to develop. Adding insult to injury, prohibiting large lot development hurts not just the few who can afford it but the many who depend on those few - including my 12 employees, the few dozen consultants we work with (architects, engineers, geologists) and the hundreds, if not thousands whose livelihood depends on the contractors who develop them (painters, plumbers, plasterers, framers, cabinet works etc.) to say nothing of the suppliers.**

**Therefore if you are going to act, act to fix a problem not create or exacerbate one. Take the 45 days of this ICO and work with the City and the Community to refine or revise the existing BHO.**

**Respectfully Submitted**

**Gary Morris  
CEO**

**Pacific Crest Consultants**

Re: Council File 14-0656, ICO Council District No. 5, Section 3 (F)

Members of the Council:

My name is Michael Riehl and I am the owner of Riehl Construction Consulting, LLC. My company acts as owner's representatives for many homeowners throughout the Los Angeles area. I currently have nine employees and have been operating in Los Angeles for over 15 years. My company is currently working on numerous projects that are located in Bel Air Council District No.5.

I understand that you have been receiving complaints regarding the number of hauling trucks that have been traveling through Bel-Air and the adjacent neighborhoods. I agree that the City should impose some type of restrictions to reduce the number of hauling trucks on the road. However, I do not feel that the proposed ordinance is a sensible solution as it does not directly address the amount of dirt that is being imported and exported to and from a property. The proposed ordinance simply restricts the amount of dirt that can be moved on a property, regardless of whether that dirt is imported or exported from the property using heavy trucks.

My objective is to have the ordinance revised so it addresses the complaints that have been filed but also takes into consideration additional factors such as lot size and the amount of dirt actually moved on to or off of the property. It does not seem equitable to apply a 6,000 cubic yard restriction on both a 10,000 square foot property and a 60,000 square foot property. It also does not seem equitable to allow 6,000 cubic yards to be imported onto a site but not allow another owner to move 6,500 yards from one side of their property to the other.

I implore you to take into consideration the hundreds of people you would be effecting when voting on this ICO, including the homeowners whose property would lose value, subcontractors who would lose work, the suppliers who would lose customers, and the employees who would lose jobs. Thank you for your time and attention on this matter.

Sincerely,

Michael Riehl  
Principal  
Riehl Construction Consulting, LLC

## Comments to Chang.org Petition

Name	City	State	Zip	Country	SignedOn	Comment
john pollitt	Beverly Hills	CA	90212	United States	1/8/2015	There should be no limitation placed on small homes that would restrict larger families, with more than 2 children to move to or stay in our community.
Chava wintner	Los Angeles	CA	90034	United States	1/8/2015	The restrictions that are being made on building are ridiculous! The community that lives here is a wealthy one that adds greatly to the neighborhood. To restrict the community is actually restricting its potential. Growth brings about success. Only the minority in this community truly have any issue with the development. Don't listen to the minority!
Dana Abramson	Los Angeles	CA	90034	United States	1/8/2015	It's unconstitutional to remove the right to build on the land I bought 10 years ago with a dream to one day build a larger home. All I could afford was a home on a smaller lot, and now I will be punished for it. Please do not pass this!
Risa Dauer	Los Angeles	CA	90034	United States	1/8/2015	of the all the reasons stated in the petition and because there has been insufficient notice and debate on the issue within our community.
Sabrina Zamel	Los Angeles	CA	90035	United States	1/8/2015	I am signing because when I bought my property in 2006 these restrictions were not in place and I wish to retain my right to expand in the future.
ayara segal	Los Angeles	CA	90035	United States	1/8/2015	I am concerned about Beverlywood

## Comments to Chang.org Petition

Name	City	State	Zip	Country	SignedOn	Comment
Joel Shuchatowitz	Los Angeles	CA	90035	United States	1/8/2015	The ICO harms our community, our businesses, and our homes. It will result in decreased property values, loss of construction jobs and investment, and further reduce the ability for growing families to live comfortably in their homes. This ICO is not right for our families, our neighborhoods, and our city. "Say NO To The ICO!!!"
Bella Essas	Los Angeles	CA	90035	United States	1/8/2015	I oppose the proposal to limit building in Beverlywood. I am voting to remove Beverlywood from the proposal. Thank you
Brian Ross	Los Angeles	CA	90035	United States	1/8/2015	I oppose the proposed ICO for all westside neighborhoods including Beverlywood and Crestview. Neighborhoods evolve as the people and families who live in them do. If there is no true and valuable historic significance to a property, there should not be restrictions on how an owner can improve it. There has also not been adequate notice of the proposal, and it is scheduled to be made during winter vacation for many families with children in local schools.
Peter Steinlauf	Los Angeles	CA	90034	United States	1/8/2015	The average size of families requires larger size homes. This was not the case 40 years ago when we first purchased a home on Beverly Drive. Recognition needs to be given to changed circumstances.
marc nemetsky	Los Angeles	CA	90035	United States	1/8/2015	No to bigger homes is no to growing families
Einat Ronen	Los Angeles	CA	90034	United States	1/8/2015	Einat Ronen
Jonas Hanelin	Los Angeles	CA	90035	United States	1/8/2015	This plan hurts our community

Felice Greenbaum	Los Angeles	CA	90034	United States	1/8/2015	I believe that the restrictions that are in place are stringent enough. there is no need for a further taking of our property rights by the city or anyone else.
Omid Shaye	Los Angeles	CA	90035	United States	1/8/2015	The HOA of Beverlywood should determine what kind of houses should be built in our neighborhood, not an external board or council.
mittchell parver	IA	CA	90034	United States	1/8/2015	These restrictions would reduce the ability of growing families to move to beverlywood and eventually lower property values
Jacob Hausman	Los	CA	90034	United States	1/8/2015	60% of our lot should be allowed to build with current height restrictions
Sarah Goldberg	Los Angeles	CA	90035	United States	1/8/2015	I would like to be able to build a bigger better house and I also think that people should be able to make their own decisions about their homes.
howard levkowitz	Los Angeles	CA	90035	United States	1/8/2015	The existing restrictions are sufficiently stringent. Additional constraints are unnecessary.
shelley weinstock	los angeles	CA	90035	United States	1/8/2015	I love the new houses that are being built in our community. All are very beautiful.
Mark Abraham	Los Angeles	CA	90034	United States	1/8/2015	I'm signing because I find that the new large homes built in Beverlywood enhance the neighborhood. FYI, I have no plans to expand our average size Beverlywood home.

Naomi Prero	Los Angeles	CA	90034	United States	1/8/2015	The existing building limitations are already very stringent. Putting more restrictions, means limiting sizes of homes, which ultimately limits growing families from building in Beverlywood. Property values will decrease, which will in turn mean big financial problems for homeowners. NO to the ICO!!!!
Judith Goldberg	Los Angeles	CA	90034	United States	1/8/2015	The beautiful new homes that are being built in Beverlywood have increased the appeal of the neighborhood and raised property values. Further restricting building area will make our community less desirable for those looking to buy a home and therefore lower property values.
Lisa Tennenbaum	L.A.	CA	90035	United States	1/8/2015	I have lived in the neighborhood since 1978. The remodeling of homes in the area has only improved the neighborhood!
Lauren kest	Los Angeles	CA	90035	United States	1/8/2015	I'm very against this ordinance. We live in 2015 not 1950! People need the flexibility to build homes that conform to modern day needs. This proposal does the opposite of that.
Evy Mankowitz	Los Angeles	CA	90034	United States	1/8/2015	I feel the bigger homes add value to our neighborhood
Rebecca Azran	Atlanta	GA	30329	United States	1/8/2015	I plan to buy a home in Beverly Woods in the very near future and will not do so if ICO is in effect
Shterny Plotkin	Los Angeles	CA	90035	United States	1/8/2015	I'm signing because the measure to further reduce build able houses is negatively affect our neighborhood!

Martin Hausman	Los Angeles	CA	90035	United States	1/8/2015	I'm signing bc this will negatively Impact large families wishing accommodate their needs by building large homes. Also, like rent control it will dissuade ppl from building, and lead to neighborhood decay in long run.
David N. Weiss	Kirk	CA	90035	United States	1/8/2015	This ICO is bad for the value of our homes. Bad for the value of the community. And for the many wonderful, large Jewish families that make our neighborhood so special and warm.
Michel Azran	Atlanta	GA	30329	United States	1/8/2015	I was planning to purchase a home in Beverly Woods in the near future. If this ordinance is enacted, I would feel compelled to reconsider. This means, I would not purchase in Beverly Woods.
Reuben Robin	Los Angeles	CA	90035	United States	1/8/2015	I live in the area and think this is ridiculous
Philip Manoucheri	Los Angeles	CA	90035	United States	1/8/2015	I oppose the limits being set to my property, as it will bring down the value of my property, & our neighborhood
Meira Elituv	Vaughan		L4J8E4	Canada	1/8/2015	I plan on moving back to Los Angeles and buying a house in Beverlywood in the adjacent area in 2017 and do not want more restrictions on remodeling a home there.
fred toczek	los angeles	CA	90034	United States	1/8/2015	As a long-time Beverlywood resident, I strongly oppose the ICO. It will negatively impact the ability of our community to attract wonderful families and will have a detrimental effect on property values.

Tiffany Uretsky-Cohen	Los Angeles	CA	90035	United States	1/8/2015	I am an owner of a small home in Beverlywood. We are a growing family. When I bought the property I was under the impression that I owned this property and should be able to accommodate my growing families needs within reason, with out the city and some crabby neighbors imposing their restrictions.
Keat Bollenbach	Beverly Hills	CA	90210	United States	1/9/2015	I believe in a balanced approach to zoning in the municipality. This is another example of situational legislation that has unintended adverse ramifications to property rights, property values, property taxes and our local economy.
Mitch Cohen	Los Angeles	CA	90035	United States	1/9/2015	More building restrictions in Beverlywood RE unnecessary and will have a negative impact on property values and the ability to buy and sell prooerty.
Miriam Amsalem	Los Angeles	CA	90035	United States	1/9/2015	My friends and family should be able to explains their homes to meet their needs
Charlie Stein	Los Angeles	CA	90035	United States	1/9/2015	people with big families need to have the right to build how they want to build
Suzanne Schlanger	Los Angeles	CA	90035	United States	1/9/2015	I am AGAINST Paul Koretz's proposed ICO
Melissa Bohbot	Beverly Hills	CA	90211	United States	1/9/2015	i want to live in Beverlywood and build the home of my dreams.
Dodie Herskovitz	Los Angeles	CA	90034	United States	1/9/2015	I vehemently disagree with the proposed ordinance. People should not have further building restrictions.

## Comments to Chang.org Petition

Name	City	State	Zip	Country	SignedOn	Comment
Michelle Grimberg	Los Angeles	CA	90035	United States	1/9/2015	There is not a single good reason to include Beverlywood in the proposed ICO. Members of Beverlywood are mostly families with multiple children that need the space to be provided in larger homes. Restricting the homes that people can built is going to depress the Beverlywood community and discourage potential buyers and builders from investing in this beautiful community. You cannot let the voice of a few very loud people dictate how we develop this beautiful neighborhood!
Joel Cooper	Beverly Hills	CA	90210	United States	1/9/2015	I believe that Beverlywood Homes Association has a very proactive and concerned board of directors (including the design review committee) who have made sure that new homes & remodeling additions fit into our community. I am not in favor of Councilman Koretz's proposed ICO.
Sara Richards	Los Angeles	CA	90035	United States	1/9/2015	I think people in Beverlywood and other areas in Los Angeles should be able to build as large a house as they can afford.
Aaron Korda	Los Angeles	CA	90035	United States	1/11/2015	Development is good!
Benjamin Kiss	Los Angeles	CA	90035	United States	1/11/2015	new homes create jobs and enhance property values. Proposed ordinance is unconstitutional
Charles Shamash	Los Angeles	CA	90034	United States	1/12/2015	Support free speech. We should have right to use our property.

Elaina Lauer	Los Angeles	CA	90035	United States	1/12/2015	I would like to buy a home in beverlywood for my family. This law restricts the ability to make a home my family needs and deserves.
Howard Szabo	Los Angeles	CA	90035	United States	1/13/2015	Current laws are sufficiently restrictive on residential square footage, and the BHA design review process protects against excessive mass and scale. Don't change a system that works well.
Ron Altman	Los Angeles	CA	90034	United States	1/13/2015	Its a bad idea to limit growth. Bad for the economy, inconsistent with American ideals of free enterprise and against the trend for Beverlywood which is clearly moving to larger homes for larger families.
Jonathan Barzideh	Los Angeles	CA	90035	United States	1/13/2015	A reduction of the density bonus is prejudicial to larger families and ones that choose to live with multiple generations in the same household. I think it undermines the family-oriented atmosphere I enjoy about living in my neighborhood. We should not be bullied by some extremely vocal but very minority opinions.
Judy Smith	Los Angeles	CA	90034	United States	1/13/2015	I live in Beverlywood and I am opposed to further restriction on residential lots within our community
Bernard Teichman	Los Angeles	CA	90034	United States	1/14/2015	I oppose restricting the size limit for new construction.

cheryl nagel	Los Angeles	CA	90035	United States	1/14/2015	I am against the ico and restriction on building in the Beverlywood area. This is a family oriented neighborhood with young large families moving in. They need the ability to build homes to match their growing families. Beverlywood HOA has many CCR rules that govern construction already. I also think the new larger homes has only made the neighborhood prettier and it is so nice to see so many young families in the neighborhood. The young families are the people who are buying homes in beverlywood. Restricting the size of ones homes is an infringement on the rights of people to have large families. I say "NO" to the proposed ICO.
jeffrey winter	Los Angeles	CA	90035	United States	1/14/2015	We have our own homeowner association dealing with our specific issues. Adding an additional layer of regulation and/or restriction is not helpful or appreciated.
Glynis Gerber	Los Angeles	CA	90034	United States	1/19/2015	I don't agree that Beverlywood should have further restrictions on home sizes
Glynis Gerber	Los Angeles	CA	90034	United States	1/19/2015	I don't agree that Beverlywood should have further restrictions on home sizes
Selwyn Gerber	Los Angeles	CA	90067	United States	1/19/2015	Beverlywood is capable of governing itself in matters such as this.
Jack Fenigstein	Los Angeles	CA	Los Ange	United States	1/19/2015	I believe the existing Mansionization law adequately protects our neighborhood from over-building . The ICO wil decrease values of Beverlywood properties.

Steven Tabak	Los Angeles	CA	90035	United States	1/19/2015	I live in Beverlywood, and I am signing because I want to see continued, appropriate development and updating of properties in the neighborhood.
Jennifer Sieger	Los Angeles	CA	90035	United States	1/19/2015	I don't think square footage on a house should be decided by lot size.
Steven Fink	Los Angeles	CA	90034	United States	1/19/2015	I oppose the proposed ICO limitation on construction in Beverlywood. There is already a Beverlywood Homes Assoc'n that has oversight.
lesley kleinman	Los Angeles	CA	90034	United States	1/19/2015	Beverlywood is a unique and family oriented neighborhood
Edward Herbst	Los Angeles	CA	90034	United States	1/19/2015	It's a stupid ordinance
Linda Abraham	Los Angeles	CA	90034	United States	1/19/2015	I'm signing because I'm opposed to on restricting improvements to and investment in our neighborhood.
Daniel Suriel	Los Angeles	CA	90034	United States	1/20/2015	many people with large families need the flexibility to expand their home, yet still be near the kosher, Jewish area and within walking distance to synagogues on Pico-Robertson area due to religious observance. as long as buildup is done with good taste, it should be allowed.
Agnes and Robert Adle	los Angeles,	CA	90035	United States	1/20/2015	Unfair to restrict improvements.....Beverlywood already has a design review committee and is generally doing a good job keeping things under control. Please don't further restrict our ability to improve our homes. Thanks!

## Comments to Chang.org Petition

Name	City	State	Zip	Country	SignedOn	Comment
Ari Segal	Los Angeles	CA	90035	United States	1/20/2015	We have a homeowners association that helps us make these decisions. We don't need the councilman to do that for us.
Adam King	Los Angeles	CA	90035	United States	1/20/2015	I am signing this petition because I want to see larger homes in Beverlywood.
Ronald Nagel	Los Angeles	CA	90035	United States	1/21/2015	I opposed the ICO and feel you are restricting families . The beverlywood is a family neighborhood and the new homes have only made the community more beautiful and desirable
Jacob Siegel	Los Angeles	CA	90035	United States	1/21/2015	Children are cute, fun, and smiley. If we have more of them, we shouldn't be forced out of our home and neighborhood.
Leonie Kotzer	Los Angeles	CA	90035	United States	1/21/2015	Leonie Kotzer
Felice Gottlieb	Los Angeles	CA	90035	United States	1/21/2015	I believe the current BMO along with the Beverlywood CC&R's are sufficient. Beverlywood should not be included in the ICO as our HOA should dictate whats good for our neighborhood.
Nejat Rostami MD	Beverly Hills	CA	90210	United States	1/21/2015	Is unfair ,unwise, non logical
Jacob Gofman	Los Angeles	CA	90034	United States	1/21/2015	Most people I know want ability to expand living space for their large families. Also restrictions will tank property prices as the only way to justify prices of purchases now is to be able to expand the living space
