Hello,

I am writing this email to express my opposition to the overly restrictive floor area ranges being proposed by the LA City Council. I am requesting that the city carve out the neighborhoods in the attached map and designate them with R1V2 status.

I have owned my Rancho Park house for 12 years, and my plans of moderate expansion to accommodate three kids and a separate room for my aging Mother are made null by the excessive ordinances proposed by the City Council. It is breaking my heart and causing great distress to my family. My future votes are directly tied to the outcome of this issue.

Thanks for your attention.
