CF # 14-0907

In Partnership with Green Cross International Mikhail S. Gorbachev Founding President

Councilmember Paul Koretz  
Los Angeles City Hall  
200 North Spring Street, Room 440  
Los Angeles, CA 90012

Dear Councilmember Koretz,

On behalf of Global Green USA, thank you for recently taking steps to reduce carbon pollution in Los Angeles, and for your long history of protecting the environment. Your resolution to support the Environmental Protection Agency's Clean Power Plan program, in order to significantly cut carbon pollution from existing power plants by 2030, positions California and Los Angeles as national leaders in the fight against climate change.

In addition, your motion that directs City departments to reduce their greenhouse gas emissions to 80% below 1990 levels by 2050, and 80% below 1990 levels by 2030 for LADWP, shows strong and focused commitment to turn what was once one of America's "dirtiest" utilities into a clean energy leader. We were proud to stand with you to announce these actions, and we look forward to continuing to work with you in the coming months to help turn them into a reality.

To show our gratitude for your recent and ongoing commitment to sustainability, we would like you to have a DO MORE GRN t-shirt from our recent campaign. Our DO MORE GRN campaign is focused on getting people to think about how they interact with the planet, and about making choices every day to do things differently. We hope you can wear it proudly!

Warm Regards,

Les McCabe, Ph.D.  
President & CEO

Mary Luévano  
Vice President
