Ambassadors may operate via vehicle, bicycle, or foot patrols as deemed appropriate by the Owner's Association. These personnel provide directions or assistance; serve as a liaison to the City's police, City Attorney, and other services; coordinate the provision of homeless services, warn and advise trespassers and panhandlers; and, respond to visitor inquiries. The Westchester Town Center may also contract for the provision of services or the coordination of services for the homeless in order to achieve the Ambassador Program purposes.

Landscape Maintenance, Sanitation, and Beautification Services: \$130,000.00 (38.15%)

Maintain the sidewalks and landscaped public areas adjacent to each assessed parcel at a level of cleanliness and attractiveness higher than would exist with only baseline City services. These activities may include, but are not necessarily limited to, the following: sidewalk sweeping; public alley sweeping; sidewalk pressure washing; graffiti removal; sticker removal; street litter pick-up; planting of new or replacement trees; and, irrigation, operation, and maintenance of landscaping, trees, public art, signage, lighting, and other improvements that may be installed by the District, the City, or other entities. A special tree well improvement project will continue in 2017 and the BID is considering a People Street or

decorative planter installations.

Marketing and Promotions: \$35,000.00 (10.27%)

Disseminate information and awareness about Westchester Town Center's identity, brand and business opportunities to convey a positive image to consumers, visitors, and investors through street banners; holiday decorations; a website; a newsletter; special printing, graphics or advertising; public relations activities; special events or activities; placement of promotional materials in various media; creation and operation of "shop local" incentive programs; operation of a Sunday Westchester Farmers' Market; etc.

New Business Attraction: \$5,000.00 (01.47%)

Provide growth in the number of businesses, increase the size of existing business, and present new opportunities for Westchester Town Center property and business owners. These efforts may focus on specific new businesses / tenants being recruited to the District or general future expansion that significantly affects the District, and may be undertaken by District employees or contractors.

Policy Development, Management, and Administration: \$60,000.00 (17.61%)

Create a well managed District that optimizes the use of the assessment funds through effective vendor selection and contract management, excellent communications with stakeholders, effective advocacy on behalf of parcel owner interests, effective board and committee coordination, and sound fiscal management.

Office, Insurance, Accounting, and Other: \$35,000.00 (10.27%)

Various administrative costs associated with providing the District's services to assessed parcels such as office supply, material, insurance, accounting, bookkeeping, service, rental, telephone, meeting expense, database, computer, furnishing, equipment, and other necessary expenses.

Uncollected Assessment Reserve: \$10,732.22 (03.15%)

An accounting cushion for the revenue shortfall that might be created in any particular year for assessments that are not paid timely through the County of Los Angeles.

Total Estimate of Cost for 2017

A breakdown of the total estimated 2017 budget is attached to this report as **Appendix A**.

Method and Basis of Levying the Assessment

The assessment formula has been designed to ensure that no parcel will be assessed an amount that exceeds the cost of the proportional special benefit that parcel derives from the improvements, activities, and services provided by the District. Each parcel fronting on Sepulveda Boulevard will be assessed \$0.0612 per square foot of lot size, \$0.0900 per square foot of improvement size, and \$7.5742 per linear foot of street frontage; and, each parcel fronting on any other street will be assessed \$0.0306 per square foot of lot size, \$0.0450 per square foot of improvement size, and \$3.7871 per linear foot of street frontage. Because District services (i.e. maintenance and patrols) will not be provided on Lincoln Boulevard or west of Sepulveda Westway, no street frontage located on Lincoln Boulevard or west of Sepulveda Westway (aside from that actually located on Sepulveda Westway) will be counted as frontage for the purpose of this formula. Fenced vacant lots, including lots that may be used for parking, will be assessed only on the basis of street frontage. Parcels accessible from within the District and used exclusively for long term airport parking will be assessed only on the basis of parcel square footage and street frontage. Multifamily Residential parcels that are actually developed with multifamily dwellings will be assessed at a rate that is 81% of the rate that is otherwise assessed. Parcels used as open or green space that is accessible during daytime hours at no charge will be assessed at a rate that is 81% of the rate that would otherwise be assessed.

(There is No CPI increase for 2017)

Surplus Revenues: \$0.00

There are no surplus revenues that will be carried over to 2017.

Anticipated Deficit Revenues

There are no deficit revenues that will be carried over to 2017.

Contribution from Sources other than assessments: \$0.00
