**Comments for Public Posting:** I write to urge you to reinstate LAMC 85.02 and to continue the ban on car camping. Our historic Venice neighborhood is plagued with people living in vehicles. Not only do these vehicles take up public parking spaces, but the campers trash our streets. The hazardous waste put down the storm drains is flushed to the ocean! This waste includes human waste and used needles. Please help the people who live in this community and pay taxes, rents and mortgages for the privilege of living Venice. Please protect our neighborhood. Respectfully, Elissa Della Rocca , for 50 years a resident of Venice
