Comments for Public Posting: NO on measure 85.02: I have personally witnessed the devastating damage (ordinance to regulate car/rv dwellers) has done to the suffering/houseless humans who are forced into vehicles to live, eat, and work. I am disabled in a car my deceased mother left me. Please please do not allow this to go into effect! If you care about Los Angeles. People just need place to be without 24/7 harassment. I know this because I live and lock myself in my car from non-stop harassment from neighbors, tourists, illegals, parking enforcement, enemies, and the authorities. We are in a crisis. This measure will only perpetuate more of the "houseless" crisis. We need to start helping eachother, and put an end to passing laws that harm our suffering legal citizens. "Places need people, and we, the people, just need a place to go." Thank you. L. Luketi

Comments for Public Posting: The camping in cars in residential areas (etc) restrictionists need to be replaced. As a stay at home mom who is alone most of the afternoon into the late night, with a new baby at home, it is very unnerving to see random cars parked in front of my home all day. Not only is it an eye sore for my beautiful neighborhood, it scares the life out of me. As a woman and mother I try to be vigilant and aware of my surroundings, and UNFORTUNATELY my surroundings are now being invaded with random people camping in their cars in front of my home. It's uncomfortable. It's threatening. It's OUT. OF. HAND.

Comments for Public Posting: To preserve and protect safe neighborhoods for residents and homeowners I urge the city council to reinstate LAMC 85.02 - the ban on living in vehicles near schools, parks or in residential neighborhoods. Thank you. Allowing residential neighborhood parking is not the solution to people living in cars and RVS.

Comments for Public Posting: We need to show some compassion for people FORCED to live in their cars.....let's find a solution but in the mean time, cut them some slack. Is sleeping in a car really a crime? Let's not enforce this ruling....and let's get more parking lots available for them to park overnight.....certainly there are many unused parking spaces that are only used during the day. And could we also put some port a potties out for them as well? Dignity please.
