

Communication from Public

Name: Help Each Other instead

Date Submitted: 09/20/2019 08:27 AM

Council File No: 14-1057-S8

Comments for Public Posting: ALLOW people to sleep in their car. Don't criminalize it. Why would we not allow people to do what they want as long as they are not hurting anyone. Some people need it long term but the City should be helping them instead of banning it. And some people temporarily! need to sleep in their car to get back on their feet! People need help instead.
