My name is Nicholas Hendricks, 23 I am the hearing officer for this case. 24 We've been to hearing several times on this 25 matter. And as you mentioned earlier, this has gone</p> <p style="text-align: right;">4</p>
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

1 before the PLUM Commission.
 2 The portion of the case today that is back
 3 before PLUM is a reopening of the appeals that were
 4 already heard. The reason for that is because we
 5 prepared an Errata to the Final Subsequent
 6 Environmental Impact Report and the Errata contains
 7 information and clarifications to the language that's
 8 already in the record. They're just minor technical
 9 changes and clarifications to the conclusions that
 10 have already been considered by the Planning
 11 Commission.
 12 Therefore, the appeals that are included in
 13 the record, the Planning -- Planning staff still
 14 finds that adequate review has been implemented;
 15 there's been a vigorous, very robust analysis
 16 contained in the Environmental Impact Report. The
 17 public record contains numerous amounts of
 18 information that clarifies and deals with the appeal
 19 issues; so I'm not going to go line -- item by item
 20 on the appeal issues.
 21 We also agree with the Applicant's response
 22 to the Appellant's arguments that were submitted just
 23 very recently as -- as last night. We do not agree
 24 with the Appellant's statements. And we find that
 25 the Errata was prepared in accordance with the CEQA

5

1 statute.
 2 Furthermore, we would ask that the PLUM
 3 Commission maintain the -- the same position they
 4 took before and deny the appeals and sustain the
 5 original approval of the City Planning Commission.
 6 Now, the other part of this case is the
 7 Development Agreement.
 8 The City Planning Commission, in a hearing
 9 that took place over seven hours, and additional
 10 hours in a continuance, considered a number of items
 11 to be included in the Development Agreement. The
 12 Applicant and the City has come into agreement and
 13 that's contained in the record.
 14 We feel that we're satisfied with the items
 15 that are in there because they contain funds for
 16 affordable housing, they contain funds for public
 17 improvements, and they also contain funds for
 18 planning and transportation studies in the future.
 19 So in saying that -- and also includes
 20 provisions for a diverse work force as part of the
 21 construction contracts with the various unions and --
 22 and labor groups.
 23 So, therefore, Planning recommends that the
 24 Committee deny the appeals and sustain the
 25 recommendations of the City Planning Commission. We

6

1 further ask that the Committee recommend that the
 2 City Council adopt the Development Agreement.
 3 Thank you.
 4 COUNCILMEMBER HUIZAR: Thank you very much.
 5 We'll first go to Appellant reps,
 6 Neill Brower and Ben Reznik.
 7 MR. REZNIK: Mr. Chair, I'll just speak for
 8 Mr. Brower as well, if you don't mind; we'll just
 9 consolidate our comments.
 10 This is Ben Reznik with Jeffer Mangels
 11 Butler and Mitchell. We represent several property
 12 owners in Century City as well as the Beverlywood
 13 Homes Association, which is 4000 residents adjoining
 14 Century City.
 15 I don't take it lightly if -- when I'm --
 16 I'm asking you to oppose a project. We've said our
 17 record, we've submitted documents.
 18 But in a nutshell, here's what's missing and
 19 what I still would like to see the City ask for.
 20 Under the Specific Plan they can build a
 21 280,000-square-foot office building. That's the way
 22 the Plan has been interpreted for 30 years. They
 23 want to build 730,000 square feet. They get to that
 24 by doing a traffic study --
 25 I put that in quotes.

7

1 -- that shows that the numbers of trips,
 2 et cetera, have changed over the years and therefore
 3 they don't have to use what the Specific Plan has.
 4 That traffic study consists of four driveway
 5 counts at four buildings; two of those buildings the
 6 Applicant owns. They did it in 2011, in the heart of
 7 the recession. And here's what's still missing.
 8 Every traffic study that's submitted to DOT
 9 and to the City has the backup which is the actual
 10 raw data: How they did the counts, when they did the
 11 counts.
 12 Where is the actual raw data? We have been
 13 asking for that now for a year. We asked for it at
 14 the Planning Commission. We asked for it in letters.
 15 They have yet to show us, or anyone at the
 16 City, the raw data to support their driveway counts
 17 that changed the entire size of this building to make
 18 it a -- two-and-a-half times the size of the
 19 building.
 20 So unless they have it and I don't know
 21 about it, we've been looking for it. As of today, as
 22 I speak to you today here, it's not been disclosed,
 23 it's not in the record, it's nowhere to be found.
 24 We are to take their word that the
 25 conclusions of their traffic study, which is a

8

1 traffic memo, of four driveway counts -- by the way,
 2 two of these driveways were counted in one day; so is
 3 that sufficient, is that enough to change an entire
 4 Specific Plan that's been in existence for almost
 5 40 years?
 6 So at a minimum we would like to be able to
 7 see the raw data that supports the so-called traffic
 8 study and counts that they did back in 2011. And
 9 so -- and that's our comments.
 10 We've submitted, of course, other issues.
 11 And -- and our concern and our clients' concern
 12 basically is that -- the implications this will have
 13 on -- on the future in Century City and how -- how
 14 buildings are measured in terms of how much you can
 15 build and what you can do; so that's --
 16 Thank you very much for the opportunity.
 17 COUNCILMEMBER HUIZAR: Thank you.
 18 Barbara Broide. And after Barbara is
 19 Bennett Cohen.
 20 MS. BROIDE: Thank you, Chairman Huizar. I'm
 21 Barbara Broide, President of Westwood South of Santa
 22 Monica Boulevard Homeowners Association. We are
 23 3800 households that lie between Century City, the
 24 10 Freeway and the 405 Freeway. We have the
 25 distinction of having Santa Monica, Pico and Olympic

9

1 Boulevards within our area.
 2 We are well aware of the impact that Century
 3 City has had on our communities and we understand
 4 that it's one of the city centers that was identified
 5 many years ago in City Planning documents. We,
 6 however, do believe that the Century City North
 7 Specific Plan is an important document that has
 8 governed development in this area for many years and
 9 has not been amended at this time and should not be
 10 reinterpreted to suit a particular development.
 11 We've submitted information about our
 12 support for Section 6 as it's been written and we've
 13 also submitted a large number of articles --
 14 City Planning Commissioners asked us about
 15 them.
 16 -- that shows that the philosophy that's
 17 being presented by this project's developers is
 18 contrary to everything in current literature about
 19 space planning and real estate development. And that
 20 is that the old corner offices and the large offices
 21 with few employees per floor are a thing of the past
 22 with office sharing instead and many more people
 23 occupying and therefore potentially generating
 24 traffic trips.
 25 So we would support Mr. Reznik's comments

10

1 about the need to look further into the traffic
 2 analysis and the data that has been presented in
 3 support of this new method of computing traffic.
 4 We have an additional concern and that is
 5 that in the Development Agreement, a very worthy
 6 amount of money has been set aside for our neighbors
 7 in Beverlywood. They deserve traffic mitigations and
 8 traffic calming measures, particularly because an
 9 earlier project approved by this Council allowed a
 10 large sum of money to be used for the Cheviot Hills
 11 community, a 96-point traffic management plan for
 12 their community. That meant that their traffic went
 13 to our area and to Beverlywood.
 14 Beverlywood now has, in this Development
 15 Agreement, a 1.75-million-dollar pot of money to
 16 address some of those problems and to do some
 17 neighborhood calming, to calm traffic through their
 18 community. We don't have anything.
 19 And that also means that not only will we
 20 have the traffic from this project, but we will also
 21 have the offset traffic from Beverlywood as less cars
 22 seek to cut through their neighborhood.
 23 We support them, we think they should have
 24 it, but we don't think we should be left out; so
 25 that's an unaddressed issue for us and we think that

11

1 that's something that needs to be addressed.
 2 There is a small comment -- or there's a
 3 small provision in the Development Agreement on
 4 page 8 that also addresses the need for shuttles,
 5 which we have supported and advocated for for a long
 6 time, having shuttles to take employees from Century
 7 City to the Expo Station and back; however, in this
 8 Development Agreement, it actually defines that that
 9 shuttle shall operate from the Westwood Station, the
 10 Westwood-Rancho Park Station.
 11 That's a mistake. There are other stations
 12 in the area that may be more appropriate. If so, it
 13 should say "The Palms and/or Rancho Park Station."
 14 The Westwood Boulevard Station will have to
 15 take the shuttles to UCLA and Westwood Village. To
 16 put and specifically tie in a shuttle to that station
 17 in the middle of a residential neighborhood where
 18 there is limited access and where there will be a
 19 large increase in the number of public buses serving
 20 the other areas is in error.
 21 There should be the allowance for the
 22 shuttles to go from The Palms and/or Westwood Rancho
 23 Park Station. And let the transportation planners
 24 make those decisions based on Expo ridership, Century
 25 City-bound traffic and the bus patterns that

12

1 establish after Expo opens because, after all, Expo
 2 isn't open yet and we don't know how it will pan out.
 3 So I would ask for that change in the
 4 Development Agreement.
 5 I would ask for consideration for our
 6 community for traffic calming measures and a fund to
 7 address it.
 8 We know a community benefit fund was
 9 negotiated secretly in confidence between the
 10 developer and a number of homeowner groups but it is
 11 our understanding that that had nothing to do with
 12 traffic mitigation whatsoever. And -- and we
 13 would -- we would like to see something in the open,
 14 if possible.
 15 Thank you for your consideration.
 16 COUNCILMEMBER HUIZAR: Thank you.
 17 Bennett Cohen.
 18 Now, you are the same appeal, correct?
 19 MR. COHEN: I have --
 20 I just have a minute, just one -- one minute
 21 is all I need.
 22 COUNCILMEMBER HUIZAR: Yeah, that's fine. Okay.
 23 MR. COHEN: Okay. I'm a resident and connected
 24 with Westwood South of Santa Monica Homeowners
 25 Association. And I continue my objection to the

13

1 Century City Realty's using Section 6 in connection
 2 with their project.
 3 And with reference to the Century City
 4 Realty's contribution of \$1,750,000 in paragraph 5(a)
 5 of the Amended Development Agreement, and the -- that
 6 area does deserve those funds, I do request that the
 7 Development Agreement be amended to include a
 8 provision that the Century City Realty be required to
 9 contribute funds for a study and physical
 10 improvements of the traffic impact in the areas
 11 including Century City and Sepulveda Boulevard, and
 12 between Santa Monica Boulevard and Pico Avenue, as a
 13 result of the regional transportation planning and
 14 the construction and development of the
 15 transportation improvements in the South Robertson
 16 Boulevard and Beverlywood community areas.
 17 Thank you.
 18 COUNCILMEMBER HUIZAR: Thank you.
 19 Pastor Birdie (sic) Roberts.
 20 PASTOR ROBERTS: Good afternoon. My name is
 21 Pastor Bridie Roberts and I'm here in support of the
 22 Century City Center. I am the program director of
 23 Clergy and Laity United for Economic Justice,
 24 CLUE LA.
 25 It is a rare day when we come before the

14

1 Planning Commission in support of a project but we
 2 feel that the Century City Center is the best of what
 3 development can offer to a city that chooses to take
 4 leadership steps around development.
 5 It will provide good union jobs in its
 6 construction and after its development. It will be
 7 an economic generator for our city where we know that
 8 sustainable employment is key to lifting all people
 9 out of poverty.
 10 It's going to provide funds for affordable
 11 housing. It's going to have state-of-the-art
 12 brand-new environmental design, which is good
 13 environmental stewardship for the Earth that God has
 14 given us.
 15 It is a building that gives us the
 16 opportunity to lead in a city that should be leading
 17 the way for all of the United States when it comes to
 18 creative planning that sets a tone that says that
 19 people come first; good jobs, good development, and a
 20 good economy for a city that will thrive into the
 21 future.
 22 And we encourage you to continue to support
 23 this project.
 24 COUNCILMEMBER HUIZAR: Thank you.
 25 Now the Applicant reps, George Mhlsten and

15

1 D.J. Moore.
 2 MR. MOORE: Good afternoon, Honorable
 3 Councilmembers. D.J. Moore of Latham & Watkins
 4 representing Century City Realty.
 5 We're pleased to be here before you again
 6 and appreciate your vote at the September hearing to
 7 approve the project and deny the appeals.
 8 I'll be brief.
 9 First, the Applicant fully supports the
 10 Development Agreement ordinance and the City
 11 Attorney's report and asks that you recommend it to
 12 the Council for adoption.
 13 Second, as staff mentioned, in December the
 14 Planning Department issued an Errata to the project's
 15 EIR. The Errata was prepared to make technical
 16 corrections and also address the volumes of
 17 additional comments supplied by Mr. Reznik in
 18 September.
 19 Mr. Reznik has also submitted additional
 20 materials within the last day and we have further
 21 responses to those claims that have been submitted to
 22 you.
 23 The last-minute submissions by the opponents
 24 do not change the thorough analysis that's in the EIR
 25 and in the Errata prepared by staff and the City's

16

1 EIR consultants.
 2 The raw data that Mr. Reznik mentioned is in
 3 the record; the Department of Transportation has it.
 4 And both the Department of Transportation and the
 5 Planning Department approved the project's traffic
 6 study and confirmed its accuracy.
 7 At your September meeting more than
 8 25 project supporters from labor, environmental
 9 groups and community groups asked you to approve
 10 Century City Center and to bring this LEED-platinum
 11 office tower to the site of the proposed Purple Line
 12 Station in Century City. This is in addition to the
 13 hundreds of supporters who have attended many
 14 hearings and the several thousand supporters who have
 15 signed support cards and petitions, all in support of
 16 the project.
 17 The project and the Development Agreement
 18 were also fully endorsed by Councilman Koretz, who
 19 spoke to you in September.
 20 We ask again that you reject the appeals,
 21 approve the project, including the Errata to the
 22 Subsequent EIR, and recommend that the City Council
 23 adopt the Development Agreement ordinance.
 24 Thank you.
 25 COUNCILMEMBER HUIZAR: Thank you.

17

1 Is Mr. Mihalsten speaking? No. Okay.
 2 We have a number of support cards. We
 3 have -- like I mentioned earlier, had previously
 4 approved this project. There's really not much
 5 difference from our position from before, as I
 6 understand it; so if you're supporting the project,
 7 we're inclined to move in that direction. If you
 8 want to just come up and say you support it or try
 9 not to be redundant in terms of what other people
 10 have brought up, in -- for the interest of time, if
 11 you so wish, but it's your minute.
 12 So Mike Eveloff and then Ernesto Pantoja.
 13 MR. EVELOFF: Hi there.
 14 Good afternoon, my name is Mike Eveloff. I
 15 live in the neighborhood directly adjacent to Century
 16 City. I'm on the board of Friends of West
 17 Los Angeles and for many years I served as the
 18 president of the Tract 7260 Homeowners Association.
 19 I have been and continue to be involved in
 20 community projects and issues because the quality of
 21 life in our neighborhoods depends on the
 22 participation of people who actually live there.
 23 I have looked at the independent trip
 24 generation rates from other projects. I have
 25 carefully reviewed JMB's assumptions, data,

18

1 methodology and calculations, including independent
 2 data from the Twin Towers, which included occupancy
 3 data.
 4 Simply put, JMB's analysis is accurate.
 5 Trips for Class A office space in Century
 6 City buildings truly are generating less than they
 7 did before. That's what the Century City analysis
 8 shows.
 9 I ask you to approve the proposed project.
 10 And perhaps most importantly approve the way that JMB
 11 and the community worked together for the greater
 12 benefit of the City.
 13 Thank you.
 14 COUNCILMEMBER HUIZAR: Thank you.
 15 Ernesto Pantoja and --
 16 Okay. Thank you.
 17 Lee Wallach. After Lee Wallach --
 18 Is Lee Wallach here? Okay.
 19 Peter Beal. Peter Beal.
 20 Francesca Beal. Francesca Beal.
 21 Lori Pekrul.
 22 Rabbi Jonathan Klein.
 23 After Rabbi Jonathan Klein is Ron Miller.
 24 RABBI KLEIN: I'll be quick. Thank you
 25 Mr. Cedillo, Mr. Huizar.

19

1 Rabbi Jonathan Klein, Clergy and Laity
 2 United for Economic Justice, CLUE LA.
 3 We support this project, as do our friends
 4 at the Sierra Club. We know this is a good project.
 5 I personally will add as a resident in CD5
 6 that I drive by that site every day when I take my
 7 daughter to school and I can tell you right now that
 8 the -- I really do not see this as anything close to
 9 what is being described as a traffic burden. It's
 10 not Dodger Stadium, we're not talking about game day,
 11 we're just talking about a new building. And I think
 12 all the hysteria around traffic is out of control.
 13 But I also think that this is a great
 14 opportunity for jobs in this city. And we at CLUE,
 15 as well as our friends at Sierra Club, wholeheartedly
 16 support this environmentally sustainable building.
 17 Thank you.
 18 COUNCILMEMBER HUIZAR: Thank you.
 19 Ron Miller, Delfino de la Cruz.
 20 MR. MILLER: Good afternoon, Councilmen. I'm
 21 Ron Miller, executive secretary of the LA/Orange
 22 County Building Trades.
 23 And the good pastor said it all. I can't
 24 relate to any more.
 25 This is a good project, a good developer.

20

1 And if all the developers in the city were like JMB
 2 we would have -- you wouldn't have a job, probably;
 3 so let's take this out of the hands of the guys who
 4 get paid by the word and let's put it in the hands of
 5 the guys who get paid by the hour and break ground
 6 and get this thing going.
 7 Thank you.
 8 COUNCILMEMBER HUIZAR: Thank you.
 9 Delfino de la Cruz and then Noah Muhlstein
 10 from the CD5.
 11 MR. DE LA CRUZ: Good afternoon, Chairman and
 12 Committee Members. My name is Delfino de la Cruz;
 13 I'm here on behalf of Sergio Rascon, business manager
 14 of Laborers Local 300.
 15 And we are here -- also over -- our over
 16 8000 members which reside in Los Angeles and in the
 17 following communities.
 18 We are asking that the Council deny the
 19 appeal and approve the project.
 20 Thank you.
 21 COUNCILMEMBER HUIZAR: Thank you.
 22 Noah Muhlstein.
 23 MR. MUHLSTEIN: Honorable Committee Members, my
 24 name is Noah Muhlstein. I'm the Planning Deputy for
 25 Councilmember Paul Koretz. I know it's been a long

21

1 day so I'll keep my remarks short and brief.
 2 Our office has been working with the project
 3 Applicant for -- the project Applicant and the many
 4 communities that surround the proposed site for quite
 5 a long time.
 6 Aside from being Los Angeles's first new
 7 LEED-platinum office tower, which will create
 8 thousands of good-paying jobs, it is also -- it is
 9 also the location of the future Metro Purple Line.
 10 The project also enjoys the tremendous amount of
 11 support from many of the surrounding communities and
 12 will provide many benefits to the Century City and
 13 surrounding communities and the city as a whole.
 14 It is for those reasons, and for many more
 15 reasons, our office continues to support the
 16 proposal. We ask that you deny the appeal and
 17 approve the Development Agreement and recommend
 18 approval of this project.
 19 Thank you.
 20 COUNCILMEMBER HUIZAR: Can we have staff come up
 21 briefly, please.
 22 An issue was brought up about providing
 23 simple raw data to the public, whether it is someone
 24 who is representing the Appellant or not. I would
 25 imagine that that type of information -- or should

22

1 that type of information be readily available to any
 2 interested party?
 3 MR. RAUSCH: I'm sorry, can you repeat that
 4 again?
 5 COUNCILMEMBER HUIZAR: One of the public
 6 commenters, the representative for the -- for one of
 7 the Appellants, mentioned they couldn't get
 8 information with respect to the raw data on the
 9 traffic impacts. And my view is shouldn't that
 10 information be available to the public if they so ask
 11 for it; whether they are an Appellant or not, that's
 12 public information that should be available, correct?
 13 MR. RAUSCH: That's absolutely correct. And --
 14 COUNCILMEMBER HUIZAR: So is that raw data
 15 available or not, can we provide it to them?
 16 MR. RAUSCH: The data that supports the traffic
 17 study and the trip generation study have -- has
 18 always been in the record. It's not -- it is not a
 19 true statement that the numbers are not available.
 20 The appendices of the Draft EIR and all the
 21 other subsequent documents that have come out all
 22 contain the information that is -- is necessary to
 23 understand how the data was manipulated and -- and
 24 concluded within the traffic study.
 25 COUNCILMEMBER HUIZAR: And how about the raw

23

1 data?
 2 MR. RAUSCH: The raw data?
 3 We have somebody here with the Trans- --
 4 Department of Transportation. Perhaps I can have --
 5 COUNCILMEMBER HUIZAR: Sure. Thank you.
 6 MR. HAERI: Good afternoon. Sean Haeri,
 7 Department of Transportation.
 8 After the last PLUM meeting I actually asked
 9 my staff -- I expected that somebody will be asking for
 10 that raw data. I did ask my staff to have it ready
 11 in case there was a request. There was none. I
 12 never received a request for that raw data.
 13 As one of the opponents mentioned, the four
 14 buildings that were studied, two of them belong to
 15 the -- to the Applicant. And when they came to us
 16 originally they -- they came with the data from the
 17 two buildings and we asked them to come up with two
 18 other buildings of a similar nature, but not owned by
 19 them, to just make sure the numbers are consistent.
 20 And that was verified.
 21 But getting back to the information being
 22 available: They have always been available. I've
 23 never received -- and my office is the custodian of
 24 the records and I have never received one request
 25 from anyone. And if somebody wants it, I can provide

24

1 it.
2 COUNCILMEMBER HUIZAR: Great. Thank you very
3 much.
4 Okay. So any questions or comments?
5 Seeing none, we'll move that the Planning
6 and Land Use Management Committee recommends that the
7 City Council deny all five appeals of the City
8 Planning Commission's determination and that we
9 certify the Supplemental Environmental Impact Report
10 and that -- including the submitted Errata, the
11 corrections, technical corrections that were
12 submitted, and that we adopt the Findings as
13 proposed.
14 And that we adopt the Findings of the
15 Planning and Land Use Management Committee and the
16 environmental Findings and the Findings of the -- and
17 the environmental Findings as well.
18 And we're approving the alternative
19 calculation of Trip generation factor for the
20 project.
21 We're approving the Modified Project Permit
22 associated with Alternative 9.
23 And we're adopting the Conditions of
24 Approval as approved by the Los Angeles City Planning
25 Commission on August 4th and as modified by the

25

1 Planning and Land Use Management Committee.
2 And we're approving the modifications
3 requested by the Office of Council District 5 to the
4 Draft First Amendment to Development Agreement by and
5 between the City of Los Angeles and Century City
6 Realty LLC.
7 And we further move that the Planning and
8 Land Use Management Committee approve the August 4,
9 2014 recommendations of the Commission related to the
10 First Amendment to Development Agreement and request
11 that the City Attorney prepare and deliver to the
12 City Clerk the Development Agreement ordinance for
13 the City Council's consideration.
14 Was that made clear, sir? I summarized --
15 MR. RAUSCH: And the MMRP and the Statement of
16 Overriding Considerations.
17 COUNCILMEMBER HUIZAR: Okay. Thank you.
18 MS. GIN: Mr. Chair, the -- there is also an
19 ordinance for the Development Agreement, sir; so that
20 is before the Committee.
21 COUNCILMEMBER HUIZAR: Yes. We are approving
22 that as well.
23 MS. GIN: Are you approving the ordinance?
24 Yes?
25 COUNCILMEMBER HUIZAR: Yes.

26

1 Okay. That would be the order. There's no
2 objections. Thank you so much.
3 Next item.
4 And I'm sorry, when is this in committee,
5 Counsel, the item we just approved; is there a
6 scheduled date for that?
7 MS. GIN: January 27th; Tuesday, sir.
8 COUNCILMEMBER HUIZAR: Thank you very much.
