RE: Council file No. 14-1149 Transmitted from Energy and Environment Committee

On May 17, 2017, the Energy and Environment (EE) Committee considered reports from the Los Angeles Department of Water and Power (LADWP), dated September 19, 2014, and the Los Angeles Harbor Department (LAHD), dated October 21, 2014, in response to a Motion (Koretz - Bonin) relative to compliance with the City's Environmentally Preferable Purchasing Policy (EPPP), attached to Council file No. 14-1149.

During the discussion, the EE Committee recommended for Council to note and file the LADWP and LAHD reports, and included recommendations to instruct the LADWP and LAHD to provide annual reports on the status of their compliance with the EPPP, to be modeled after the Department of Public Works, Bureau of Sanitation Annual Report (attached to Council file No. 15-0494), and submitted to the Council no later than 90 days following the close of each fiscal year.

On May 17, 2017, the EE Committee did not consider the LADWP report, dated April 24, 2017, relative to the status of the EPPP.

Council file No. 14-1149 is now transmitted to the Innovation, Grants, Technology, Commerce, and Trade Committee.

Zina Cheng
Legislative Assistant
Energy and Environment Committee
