

Dear LA City Council,

This is to express full support for the case number CPC-2015-4474-CA, a proposed zoning code amendment that has been initiated by a City Council Motion (Council File #14-1150).

We strongly uphold said ordinance amending Section 14.00, Chapter 1 of the Los Angeles Municipal Code to create a process for granting legal status to unapproved dwelling units in existing multiple-family zones when certain affordability criteria are met.

We are one with your stand to further health and safety standards in multifamily buildings, preserve and create affordable housing and establish procedures to legalize certain pre-existing unapproved dwelling units.

Kindly let us know of any way/means, we could extend assistance, should there be a need to.

Big thanks!
