## Overview of Grant Award

The Juvenile Accountability Block Grants (JABG) Program, administered at the federal level by the Office of Juvenile Justice and Delinquency Prevention (OJJDP), supports state and local efforts to reduce juvenile crime through programs that focus on offender accountability (Public Law 107-273). As the designated state agency for this federally funded program, the Board of State and Community Corrections (BSCC) distributes the Federal annual allocations to those local jurisdictions meeting the federal funding threshold to receive a direct allocation. The grant year will cover July 1, 2014 through June 30, 2015.

It should be noted that the JABG program was not funded at the federal level in FY 2014/15 and funding for future years remains uncertain. Due to timing issues associated with the release of federal funds, the BSCC has a reserve of JABG funding from previous year allocations that have not been dispersed. This will allow the local jurisdictions that meet the FY 2013/14 threshold for receiving a direct allocation (see Attachment A) to be funded by the BSCC for the project period of July 1, 2014 to June 30, 2015. The local allocation amounts as determined by OJJDP for FY 2013/14 were significantly reduced from previous years, however, the BSCC will offset this reduction with the use of some one-time discretionary JABG funding. This discretionary funding if unused will revert back to the federal government rather than directly benefiting the California local programs that qualify for JABG funding. Although the BSCC will support local projects to the extent that any reserved funding will allow, continued funding for direct allocations and/or enhancements will be dependent upon the outcome of future federal appropriations.

California's State Advisory Committee on Juvenile Justice and Delinquency Prevention (SACJJDP), which oversees the use of federal funds administered by the BSCC, identified three priority areas in their new three-year Strategic Plan on which California is to focus its efforts. The three priority areas are:

1. Disproportionate Minority Contact (DMC), now referred to as Reducing Racial and Ethnic Disparities (R.E.D.) – includes direct services, education/awareness, and support through resources and advocacy to address any disparities in the decision-making processes within the juvenile justice system that impact youth of color and the corresponding disproportionality of youth of color coming into contact with the juvenile justice system.
2. Evidence-Based Practices (EBP) – places an emphasis on achieving measurable outcomes and making sure that the services provided and the resources used are effective. It involves using research-based, and scientific studies to identify interventions that reliably produce significant reductions in recidivism, when correctly applied to offender populations through the use of the following four principles of effective intervention:
  - a. Risk Principle – focuses attention on the crucial question of WHO is being served and calls for targeting the highest risk offenders.
  - b. Need Principle – requires that priority be given to addressing criminogenic risk/need factors with a clear focus on WHAT programs are delivered.
  - c. Treatment Principle – conveys the importance of using behavioral treatment approaches to achieve the best possible outcomes and requires attention to the questions of HOW programs are delivered.
  - d. Fidelity Principle – draws attention to HOW WELL programs are delivered and reiterates the necessity that programs be implemented as designed.

Successful implementation of EBP includes organizational development to create and sustain a culture accepting of best practices and evidence-based approaches, including a commitment to initial and ongoing professional development and training, use of validated risk/needs assessment tools, data collection and analysis, use of programs and practices known to produce positive criminal justice outcomes, quality assurance assessments to ensure program fidelity, performance management to improve programs and policies, a “systems change approach” to develop collaborations so that tasks, functions and sub-units work effectively together and not at cross-purposes, and a focus on sustainability.

3. A strategy to support efforts to develop and strengthen services, programs, and policies that promotes positive outcomes for youth, their families, and communities – focuses on system improvement of juvenile detention policy and practice, and may include programs, research, and other initiatives to examine issues or improve practices, policies, or procedures on a system-wide basis (e.g., examining problems affecting decisions from arrest to disposition and detention to corrections).

The SACJJDP encourages JABG recipients to align the use of their direct allocation with the three priority areas identified in the SACJJDP’s Strategic Plan.

## Application Requirements

**Due Date:** This application is due to the BSCC via e-mail by **May 30, 2014**. A signed, hard copy of the application is to follow, submitted by the applicant via U.S. mail.

**Eligible Applicants:** Units of local government meeting the minimum federal funding threshold, as issued by OJJDP for FY 2013/14, are eligible to apply for the formula-based direct allocation. **Please refer to Attachment A for a listing of eligible units of local government, including the federally determined grant amount for each.** Localities shall designate an implementing agency for the grant project.

**Local Advisory Board:** Under federal law, a local advisory board must review a Coordinated Enforcement Plan (CEP) outlining how JABG funds will be expended. For the purpose of this grant, this application is the CEP. The board must include, if appropriate, representatives from the police, sheriff and probation departments, district attorney's office, juvenile court, education, social services, a nonprofit and nongovernmental victim advocacy organization, and a nonprofit religious or community group. Grantees may use an existing advisory board with similar membership (e.g., Juvenile Justice Coordinating Council) to meet this requirement.

**Local Match:** Applicants must assure that they will contribute a cash match of 10% of the total project costs. See Attachment A for required match amounts **based on the federal formula** which requires match to be computed by dividing the funding allocated by 0.9 x 1.0). Applicants opting to use JABG funds to construct new and permanent detention facilities must provide a 50% cash match. Matching funds may be either state or local dollars. Federal funds are not an allowable match source.

**Eligible Expenditures:** Grantees must expend JABG funds for projects that fall within the 18 federally designated program purpose areas, with a focus on juvenile accountability. **Please see Attachment B for information on the JABG program purpose areas and performance measures.** Additionally, the California SACJJDP strongly encourages JABG recipients to align the use of their direct allocation with the three priority areas identified in their Strategic Plan.

**Disbursement of Grant Funds:** Disbursement of grant funds occurs on a reimbursement basis for actual project costs incurred during a reporting period. Grantees must submit invoices online to the BSCC on a quarterly basis, within 45 days following the end of the reporting period. Grantees must maintain adequate supporting documentation for all costs, both grant and match, claimed on invoices.

**Federal Performance Measures:** Federal regulations require JABG grantees to select a program purpose area(s) from the JABG program list and report specific data pertaining to the area(s) identified. Grantees will report data to the BSCC on a quarterly basis via progress reports.

**Resolution:** Applicants must submit a resolution from their governing board (City Council or Board of Supervisors) addressing specific requirements. **Please see Attachment C for a Sample Resolution.** The resolution must be on file with the BSCC prior to a finalized grant award agreement being executed.

**Waivers:** A qualifying unit of local government may waive its right to a direct grant award and request that such unit's funds be awarded to and expended for its benefit by a larger or contiguous unit of local government. **Please see Attachment D for the pertinent waiver documentation.**

**DMC/R.E.D. Training:** DMC/R.E.D. refers to the overrepresentation of youth of color who come into contact with the juvenile justice system (at all points, from arrest through confinement) relative to their numbers in the general population. To receive federal funding, the State of California is required to demonstrate a good faith effort to address DMC/R.E.D. In an effort to comply with this requirement, the BSCC has undertaken a number of activities to ensure that California addresses DMC/R.E.D. Accordingly, JABG recipients are invited to attend a one day regional DMC/R.E.D. training for project directors and other interested staff which will be provided during the program year.

Viewing direct service for at-risk youth through the R.E.D. lens not only complements the principles of the JABG program but can effectively influence the impact of current interventions. The regional R.E.D. courses will be provided at no cost to attendees and address issues relevant to participants who have received previous training as well as those attending R.E.D. training for the first time. Three trainings will be offered; one for the central, northern and southern regions to be held in May and June of this year. JABG funding may be used to reimburse agencies for travel related expenditures such as mileage, meals, lodging (if required), and other per diem costs. Applicants should include these costs in the budget section of this application. Registration information regarding the date, time and location of the regional trainings has been sent to all project directors. Additional information about R.E.D. can be found at <http://www.bscc.ca.gov/programs-and-services/cpp/services> or applicants may contact the R.E.D. Coordinator, Shaline Hunter, by telephone at (916) 322-8081 or by email at [shalinee.hunter@bscc.ca.gov](mailto:shalinee.hunter@bscc.ca.gov).

**Complete Application Submittal:** A complete application includes the application document, Federal Performance Measures form(s) and governing body's resolution. Additionally, waiver documents are required from any applicant receiving funds waived from another locality.

**Progress Reports:** Grantees must submit quarterly progress reports, including the mandatory federal data and project progress notes, utilizing the JABG Progress Report form provided on the BSCC website <http://www.bscc.ca.gov/programs-and-services/cpp/services/grantee-progress-reports>.

**The Federal Funding Accountability and Transparency Act:** The intent of the Federal Funding Accountability and Transparency Act (FFATA) is to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, which is [www.USASpending.gov](http://www.USASpending.gov).

The FFATA Subaward Reporting System (FSRS) at <https://www.fsr.gov/> is the reporting tool Federal prime awardees (i.e. prime contractors and prime grants recipients) use to capture and report subaward and executive compensation data regarding their first-tier subawards to meet the FFATA reporting requirements. Prime contract awardees will report against subcontracts awarded and prime grant awardees will report against subgrants awarded. The subaward information entered in FSRS will then be displayed on [www.USASpending.gov](http://www.USASpending.gov) associated with the prime award furthering Federal spending transparency.

It is possible that funding used to support the 2014/15 JABG grant activities will trigger the FFATA reporting requirement. Should this occur we will contact your agency to obtain the information needed to report into the FSRS.

**Audit:** Grantees must submit an audit of expenditures within 120 days of the end of the grant period. Reasonable and necessary extensions to the timeframe may be granted if requested. Grantees may choose to submit either a program specific audit or a federal single audit.

**E. BRIEF DESCRIPTION OF PROJECT**

The Community Law Enforcement and Recovery (CLEAR) Program is a multi-agency gang reduction program designed to facilitate the recovery of gang-infested communities. This is accomplished by decreasing the criminal activity of targeted gangs in designated communities through an effective collaboration with City and County criminal justice agencies. The CLEAR Team includes the Los Angeles Police Department, Los Angeles County Probation Department, Los Angeles City Attorney, Los Angeles County District Attorney, California Department of Corrections Parole, federal partners, the Mayor's Office, and community stakeholders.

CLEAR has had a verifiable impact on gang activity and on the capacity to maintain that impact. Statistically significant decreases in gang crime have occurred in the nine CLEAR target areas; community members have been meaningfully engaged in the process of community recovery; and government agencies, both within and outside the criminal justice system, have created breakthrough ways to collaborate amongst themselves and with these communities.

JABG funds will be utilized to support law enforcement salaries for law enforcement gang suppression personnel from the City Attorney's Office in the Rampart and 77<sup>th</sup> CLEAR sites.

## SECTION II: PROJECT INFORMATION

### A. PROJECT DESCRIPTION:

**Part I:** In the space below #5, provide the following project information:

1. Describe the project(s)/program(s) to be supported with JABG funds.
2. Define project goals and major activities/services.
3. Define the juvenile justice population(s) to be served by the project, including the estimated number of youth.
4. Support the project need with local data/information.
5. Describe staffing, including classification and number of staff required to achieve project goals.

#### 1. Program Description:

In April of 2007, the Los Angeles Mayor's Office released its Gang Reduction Strategy, thereby establishing the Office of Gang Reduction and Youth Development (GRYD) to work in conjunction with the already formed Office of Homeland Security and Public Safety (HSPS), in combating the City's gang violence issue. Together, GRYD and HSPS incorporate a comprehensive approach to reducing gang-related crime and violence plus expanding youth development, through the application of best-practices in prevention, intervention, and suppression programs, in twelve designated GRYD Zones. The Community Law Enforcement and Recovery (CLEAR) Program is the suppression arm of the comprehensive approach and has historically been supported by JABG funds.

The Community Law Enforcement and Recovery (CLEAR) Program is a multi-agency gang reduction program designed to facilitate the recovery of gang-infested communities. This is accomplished by decreasing the criminal activity of targeted gangs in designated communities, through an effective collaboration with City and County criminal justice agencies. The CLEAR Team includes the Los Angeles Police Department, Los Angeles County Probation Department, Los Angeles City Attorney, Los Angeles County District Attorney, California Department of Corrections Parole, federal partners, the Mayor's Office, and community stakeholders.

CLEAR has had a verifiable impact on gang activity as well as the capacity to sustain that impact. Statistically significant decreases in gang crime have occurred in the nine CLEAR target areas; community members have been meaningfully engaged in the process of community recovery; and government agencies, both within and outside the criminal justice system, have created breakthrough ways to collaborate amongst themselves and with these communities.

#### 2. Project Goals and Major Activities:

The key to CLEAR's success has been the immediate availability of police officers, district attorneys, city attorneys, probation officers and parole officers, in the defined primary and secondary target areas. The role of each team member is outlined below:

- The Los Angeles Police Department (LAPD) deploys officers who are designated to respond to gang-related criminal activity within their respective CLEAR target areas, and coordinates law enforcement efforts to suppress gang crime.
- The California Department of Corrections provides intensive monitoring and closely supervises all parolees during their re-entry into society, to avert them from engaging in criminal activity, upon their release.
- The Los Angeles County Probation Department works with the City Attorney to ensure that gang members receive appropriate conditions of probation that prohibit association with other gang members, through use of curfews and restrictions on returning to designated areas.

- The District Attorney's Office and City Attorney's Office engage in community-based and vertical prosecution to ensure the effective prosecution of gang-related crimes.
- Other federal, state, and local agencies and programs are requested to participate in a target area as the CLEAR Operational Team identifies additional areas of need.

CLEAR team members collaborate with residents from the neighborhoods, through the creation of a Community Impact Team (CIT). The CIT's focus is specifically on quality of life issues such as graffiti, litter, and juvenile loitering. The CIT also facilitates a linkage between CLEAR's suppression efforts and other gang prevention and intervention programs. Residents on the CIT's identify effective community organizations in their area and facilitate a relationship between those organizations and law enforcement agencies, which partner to secure support from individuals and businesses within the community. The LAPD CLEAR officers facilitate these meetings and are responsible for recruitment into the CIT.

The major activities for CLEAR include interacting with the community, recruiting CIT members, providing referrals for youth to prevention and intervention agencies, and creating solid information-sharing data with other law enforcement agencies that are part of CLEAR, including the City Attorney's office, the Probation Department, and the District Attorney's office, as well as surrounding LAPD divisions. This grant will assist in strengthening those activities to improve information sharing across all agencies, utilizing the community for intelligence gathering, and increasing the trust between law enforcement and the community.

### 3. Juvenile Justice Population:

A significant number of the crimes in the CLEAR target areas are committed by juvenile offenders. The CLEAR partners work closely with their GRYD counterparts, in order to implement a comprehensive approach to reducing gang-related crime in these areas, by not only suppressing illegal activities, but also by expanding youth development through the application of best-practices in prevention and intervention.

### 4. Project Need:

The CLEAR sites in the Rampart and 77th LAPD divisions are predominantly Latino, immigrant and working class communities with approximately 182,000 residents. Over half (51%) of the adults age 25 and over do not have high school diplomas, which is significantly higher than the City's average of 34% and the County's average of 31%. About one in every three adults age 25 and over has not completed the ninth grade, which may be due to the high number of foreign-born residents.

According to October 2013 crime statistics, 77th saw a decrease in overall gang crime due to CLEAR, while Rampart saw a slight increase gang crime. 77th CLEAR reported a total of 1,229 Part I and II gang crimes (down from 1,372 in 2012), and Rampart CLEAR reported 1,124 (up, but relatively stable from 1,120 in 2012). The decrease in crimes committed in 77th demonstrates the efficacy, and thus the necessity to sustain the CLEAR program in that area. Despite this improvement in 77th, and due to Rampart showing an increase in gang crimes, the overall high numbers of crimes in both areas substantiate a need for continued, targeted gang suppression and vertical prosecution.

### 5. Staffing:

The JABG 14-15 funds will be used to fund the salaries for the CLEAR team in Rampart and 77th CLEAR divisions. Specifically, the grant will supplement the salaries of the two Deputy City Attorneys responsible for fulfilling the goals of this grant in enforcing gang injunctions among juveniles and adult gang members within the designated reporting districts that correspond to these two CLEAR sites.

The Mayor's Office of Homeland Security and Public Safety will manage the City of Los Angeles' Juvenile Accountability Block Grant Program. The Office has many years of experience in managing grant funds and is responsible for securing and administering the City's State and

Federal public safety and criminal justice grants. The annual grant load for the Office amounts to approximately 400 million dollars in state and federal funds, all of which require programmatic and fiscal audits. The City of Los Angeles Mayor's Office of Homeland Security and Public Safety has a demonstrated history of grant award compliance with all of the grant awards it administers for the City and sub-recipient jurisdictions.

**Part II:** Further identify the target population for your program by completing the table below. Place an "X" next to at least one population segment (or "not applicable") in each of the six designated areas. Multiple boxes may be checked in any one area. Each "X" shall indicate the populations, if any, to which the program intends to offer targeted services. Targeted services include any services or approaches **specifically designed** to meet the needs of the population (e.g. gender specific, culturally based, developmentally appropriate services).

**PROGRAM PURPOSE AREA(S):** All funded projects must fall within one or more federally recognized purpose areas established for JABG. Attachment B includes a detailed listing of the 18 program purpose areas from which each applicant must choose. Each separate program purpose area identified in this section will require subsequent data reporting on quarterly progress reports to the BSCC. For this reason, applicants are encouraged to consolidate their programs into one program purpose area whenever possible. In addition to the Program Purpose areas, and as mentioned previously, the SACJJDP encourages JABG recipients to align the use of their direct allocation with the three priority areas that are identified in the SACJJDP's Strategic Plan. The three priority areas are: (1) Disproportionate Minority Contact, (2) Evidence-Based Practices, and (3) a strategy to support efforts to develop and strengthen services, programs, and policies that promote positive outcomes for youth, their families, and communities. More information about these priority areas is provided in the Overview of Grant Award section of this application.

In the space below, please indicate the selected program purpose area(s) by number and topic, and the federal dollar amount allotted to each. (*Example: #8 Juvenile Drug Courts - \$47,189*)

**#10 Information Sharing = \$106,295**

- B. FEDERAL PERFORMANCE MEASURES:** All grantees must report data to the BSCC on mandatory **Core Measures** developed by the OJJDP (see table below). Additionally grantees are to report on the performance indicators for each program purpose area identified in their application. Once a program purpose area(s) has been chosen in Section II-A above, applicants are to click the corresponding PDF link(s) below to locate the performance measure grid that identifies the data to be collected and reported. Please note the grid identifies the mandatory measures to be collected in the "Output/Outcome Measures" column and the precise data to be reported in the "Reporting Format" column. Applicants must select **at least one** Output Measure **and** one Outcome Measure for each program purpose area identified. In the space below, please indicate the selected program purpose area(s) by number and topic, along **with at least one** Output Performance Measure **and one** Outcome Performance Measure that will be reported throughout the grant period. (*Example: #8 Juvenile Drug Courts – Output Measure/Number of drug court slots – Outcome Measure/Number and percent of eligible youth to enter the drug court.*)

**System Improvement. Output measure #267. Outcome measure #279.**

Data to be collected will fall into either one or both of the following categories:

- Direct Service - Defined as an actual service with an individual or group which could take the form of mentoring, counseling, or educational activities. The efforts of these services are defined as prevention, intervention, or rehabilitative.
- System Improvement – Defined as efforts to make desired changes in overall practices, policies or procedures through activities such as hiring personnel, providing training or technical assistance, purchasing equipment/supplies or new information systems, or conducting research.

Grantees must determine which category best describes their project, as this will later determine the data to be collected in the quarterly progress reports.
