Please table any decision until more research is executed. We question the following:

1) Who owns and controls the AIR RIGHTS to the LA Convention Center?

Currently, those rights are under the jurisdiction of the CRALA DLA and CRALA Oversight Board with approval by the California Department of Finance.

Those rights cover parcels:

5134-007-933
5138-016-914
5134-012-901
5138-016-912

2) Does MICLA have any jurisdiction over Air Rights? If so, how do you disclose that relationship?

3) NFL Football Stadium is being built in Inglewood. Projections, in the past, included a downtown site. How will this large venue, along with The Forum effect the downtown projections?

4) City has signed a letter of Financial Capability, as a non-Federal sponsor, for the Los Angeles Ecosystem Restoration Integrated Feasibility Report's Recommended Project.

The non-Federal sponsor share is not yet determined but estimated costs for Alternative 20 are \$1,092,142,864.
