Item Number:

Brief Summary: The Atwater Village Neighborhood Council requests that the following Community Impact Statement requesting a postponement of City Council decision regarding the Greek Theater management operations be added to Council File 14-1500.

Additional Information: The AVNC supports a postponement to the selection of a management operator for the Greek Theater Management in Griffith Park. We do not believe that a proper community outreach program was implemented and that the selection process was flawed. We respectfully request that the City Council hold off any final decision so that this community can research and hear stakeholder concerns regarding the perspective operators Nederlander/AEG & Live Nation.

The Atwater Village Neighborhood Council requests that the following Community Impact Statement requesting a postponement of City Council decision regarding the Greek Theater management operations be added to Council File 14-1500.

COMMUNITY IMPACT STATEMENT

The Atwater Village Neighborhood Council supports a postponement to the selection of a management operator for the Greek Theater Concession / Operation and Management in Griffith Park. We do not believe that a proper community outreach program was implemented and that the selection process was flawed. We respectfully request that the City Council hold until January 15, 2015 any final decision so that this community can research and hear stakeholder concerns regarding the perspective operators Nederlander/AEG and Live Nation.

This Community Impact Statement is based on the action taken at the regularly scheduled Board of Governors meeting on December 11, 2014; the Atwater Village Neighborhood Council has adopted the following motion by a vote of 15 yes's, 0 no's, 0 abstention's, and has directed that this Community Impact Statement be filed with the City Clerk's office reflecting its position.

Motion by Sergio Lambarri: "I move that the AVNC support a Community Impact Statement requesting a delay on finalizing any Greek Theater management operator until January 15, 2015 at the earliest."
