## SUMMARY

In a report to Council dated June 18, 2015, the City Attorney presents Ordinance adding Section

55.21 to Chapter V of the LAMC to require handguns located in a residence to be kept in a locked container or disabled with a trigger lock. The City Attorney states that the Ordinance is modeled after the safe storage of handguns laws adopted in the cities of San Francisco and Sunnyvale. The San Francisco ordinance withstood a Second Amendment challenge in the United States Court of Appeals for the Ninth Circuit.

The City Attorney goes on to report that the Ordinance would make it a misdemeanor to keep an unsecured handgun within a residence. The handgun must be stored in a locked container or disabled with a trigger lock that has been approved by the California Department of Justice. The Ordinance contains an exemption for a handgun that is carried on the person of an individual over the age of 18.

At its special meeting held August 4, 2015, the Public Safety Committee discussed this matter with representatives of the Los Angeles Police Department and the City Attorney. Language was considered to exempt the trigger lock requirement for guns owned by peace officers within close proximity. Councilmembers Englander and Buscaino stated the exemption was needed for the safety of peace officers and their families. Councilmembers Bonin and Martinez opposed the proposed exemption on the grounds that it does not protect children from accidental and unintended shootings.

An opportunity for public comment was held. After further discussion of the matter, the Committee voted to approve the drafting of a new Ordinance as amended to incorporate modifications proposed by Councilmember Krekorian, as detailed above. This matter is now forwarded to the Council for its consideration.

Respectfully Submitted,

PUBLIC SAFETY COMMITTEE
