I am staying, or have stayed, in Los Angeles through the use of a vacation rental during the following dates 0/21/2015 to 10/28/2015.

I am personally concerned that you would be trying to ban this industry rather than to place fair regulations upon it. Because of my rental I was able to (check all that apply):

Travel for business at a fair cost

Travel for vacation at a fair cost

Able to visit family I would normally not be able to visit

Attend a city function I wouldn't have normally been able to attend

Have more money to spend during my travels

□ Visit Los Angeles for possible re-location

I did also book my rental with a company that has collected Transient Occupancy Tax and has remitted it to you. I feel I am a responsible guest and that I was well informed of my property rules upon my arrival. I was met at the door, I was asked to sign a rental agreement with all property rules, and I was notified of my rentals manager contact information (which was located in the building I am renting).
