

Dear City of Los Angeles ,

I am a traveling retiree who depends on home sharing for my lifestyle .

I am writing to ask you to enable fair legislation so that people like me can afford to visit your city , where for example , a hotel room in Koreatown is almost \$200 a night .

Home sharing allows me to visit here and spread the wealth , by visiting local markets , restaurants , coffee shops & shopping areas , rather than just all my money going to a hotel .

Ultimately home sharing means more visitors to LA , and that means a more vibrant economy for the city .

Home sharing is good for the community and good for the economy .

Please consider the greater good created by home sharing .

respectfully ,

Michael Rosenblum
