To whom it may concern:

With the assurances from Edward Jordan (Mike Feuer's Office) that Parks will have a separate and forthcoming ordinance that addresses the enforcement of illegal activity, I am 1000% in favor of amending Council File 14-1656.

Since February of 2013 members of our community have expressed increasing concern about the large number of homeless encampments that have been established in Ernest Debs Park and as well as the Historic Arroyo Seco. These homeless camps and the activity associated with them negatively impact our community's appearance, quality of life and the safe enjoyment of shared public resources. The camps are dangerous for their inhabitants and for our residents. They continue to be an unchecked source of property crime, drug activity, prostitution, animal cruelty, illegal dumping, profoundly unsanitary conditions and devastating wildfires that threaten the park and our homes.

Sincerely
