To Council Chair,

I have concerns regarding item #4 which I would like to speak on before action is taken. I spoke yesterday at the Budget and Finance Committee and would like to address the Council today. I have turned in a Speaker Card on Item 4.

Thank you for any consideration of this matter. I had hoped to be able to speak at the end of the meeting on Exide Technologies in Vernon, as I brought this issue (the admission & lead topics) to the LA Unified School District many years ago, and presented documents etc.

Again thank you, cell#

P.S. Please share this with others on the council as regards Exide particularly. I would like to speak with anyone later this afternoon who is interested. I brought my file on Exide & would be happy to share. I know the City Council and Board of Supervisors and others are already concerned. It is back in the news again (See attached article L.A. Times 1-29-15, on back side)
