

To the City of Los Angeles

These are the concerns I have to  
approve an increase in enrollment  
from 750 to 825 students.

It is bad now. If increase what is going to happen.

① Everyday when the students go to the  
Storner Park, they talk very loud.

They don't realize, they are walking the  
residential area.

② When I am trying to get out  
from my driveway, none of the  
students nor teachers care.

I always wait until everyone  
pass the street. They are not paying  
attention about the car, keep talking  
keep booning a bit.

③ The school is not educating the  
students to care about Public.
