Summary: The Los Feliz Neighborhood Council supports the Hollyhock House Collections Digitization Project to retroactively apply for a \$32,300 grant from the California Arts Council state-local partner programs. We feel that it is important to digitize and to preserve historic artistic and architectural documents dating from 1927 related to Frank Lloyd Wright's Hollyhock House, to create online access to historic documents and images for academic and general public benefit. The digitization of these historic documents could serve as a prototype for other digital collection management at DCA-operated galleries and neighborhood arts centers, and help in the City's bid to obtain UNESCO World Heritage List designation.
