Summary											
							nd briefly de	scribe the activities that will be			
used to achieve these goals. You may attach an additional sheet of paper if necessary. INTERCEPT will usher in a federal "Smart Prosecution" initiative to the City of Los Angeles that relies on data and evidence-based practices to inform prosecutorial strategies. Through grant funding, the City Attorney's Office, in partnership with Justice Security and Strategies, Inc. (JSS) and the Center for Court Innovation (CCI), will introduce an evidence-based risk assessment tool to evaluate prosecutorial diversion approaches for misdemeanor offenders. Additionally, INTERCEPT will implement restorative justice strategies in the form of Community Justice Panels (CJP) for qualified offenders, defined as those who "science" predicts are appropriate for non-traditional case processing based on low risk assessment scores.
