Dear PLUM Committee,

Please support the adoption of the Miracle Mile HPOZ. I live in the Council District 10 portion of the proposed boundaries and want to be included in the HPOZ (1222 S Orange Drive). The HPOZ is the best tool to maintain the historic character of this neighborhood, while also allowing for appropriate changes. This is in regards to File #15-0183-S1.

Please adopt the HPOZ and include the CD 10 properties. Its critical that we protect the historic nature of our neighborhoods!

Sincerely,

Michael Mortimer

Hello!

My husband and I bought a house on the Miracle Mile in June 1998. It's one of the very first houses in the area, built in 1925, shortly after the closing of the Chaplin Airport.

This area is rich in important Los Angeles history and it must be protected. My husband and I feel so strongly about this that we contributed money to enable the expenditures for the architectural survey for the proposed Miracle Mile HPOZ. We have been extremely pleased to see our love of the area translate into a safer and more beautiful community as property values rise and the population becomes more diverse. HPOZ status will only increase these values.

I am confident you'll do the right thing and protect our neighborhood from reckless development by giving it the HPOZ status it deserves with Olympic and all streets above Eighth intact.

Thanks very much for your service to Los Angeles,

Dawn Westlake & Bruce Rheins
