Dear Council member Ryu et al

I am forwarding an email my son sent a month ago to you and Julia Duncan regarding the Miracle Mile HPOZ and the excluded property

es along Olympic Blvd and north of 8th Street. I wanted to reiterate that if renters want HPOZ on their buildings to preserve the integrity of the neighborhood, then those same buildings should be excluded from rent control as my son suggests. Please read his email of February 16, 2016. We work hard to maintain and keep up our property, doing much of the work ourselves, but maintenance and contracted out repairs are extremely costly and to be caught between RSO, LAHCID and now possibly HPOZ, what property owner doesn't want to go out of business. On top of that, we are supposed to pay to relocate tenants. How fair is that?

As my son says,

"Tenants should have a say in regards to rent stabilization regulations, but they should not in regards to an HPOZ, which should fall into the owners decision to be for or against (after all it is their property), and I feel there were certain enthusiastic people that were pushing the HPOZ as a way to guarantee rent stabilized apartments, which is extremely unfair to do. Maintenance is expensive, and preserving property under an HPOZ will be even more so."

We are for an HPOZ in the Miracle Mile that excludes Olympic Blvd and north of 8th Street.

Thank you,
Medrene Gee

Good Evening Julia,

This letter is in response to the meeting held at Ken Hixon's apartment on February 6, 2017 regarding the HPOZ in the Miracle Mile. Thank you Julia for taking the time answer questions from the neighborhood and endure enthusiastic constituents.

I was previously against the originally drafted HPOZ because the verbiage and restrictions were poorly drafted. I have lived in the Miracle Mile for over 30 years and support the **historical preservation** of the neighborhood, while also allowing for development to follow revised master plans, long range planning and the 2035 Mobility Plan. My family owns a single apartment building that we live in and rent out the remainder. We, as a family, do the majority of the work on the building to keep it up to our standards of cleanliness, construction, keep costs down, and provide good units that we ourselves would live in (most of the tenants units are nicer than our own).

I support the modified HPOZ boundaries that exclude Olympic Boulevard and properties north of 8th street from HPOZ zoning as the majority of properties fronting Olympic Boulevard are non-contributors to the HPOZ as identified by the architectural survey. Although there are more contributing properties north of 8th street that would be excluded in the new HPOZ boundaries, from a planning point of view it would make sense for these properties not to be included (R-3, R-4, C zoning etc.), but from a historical perspective, they should.

The MMRA/HPOZ meeting seemed to get off track with some residents using the HPOZ as an avenue to further RSO arguments, which should not be done. The HPOZ should pass on the merits of **historical significance** and have **nothing** to do with rent stabilization. Tenants should have a say in regards to rent stabilization regulations, but they should not in regards to an HPOZ, which should fall into the owners decision to be for or against (after all it is their property), and I feel there were certain enthusiastic people that were pushing the HPOZ as a way to guarantee rent stabilized apartments, which is extremely unfair to do. Maintenance is expensive, and preserving property under an HPOZ is even more so. *Are they more scared of losing their historic neighborhood or their rent stabilized units?*

Perhaps to separate those that truly want to be in an HPOZ for historical value, versus those that want it for RSO reasons, maybe a measure should be introduced that reads:

"All properties zoned R2 and up be removed from RSO if they enter into an HPOZ"

This would allow the historical preservation of the property and neighborhood to be maintained while also allowing more flexibility on the owners side in terms of income, without demoing a building and constructing a small lot subdivision/modern single family home (which neighbors seem to hate because it destroys the look of the neighborhood).

I understand that this issue is not black and white and that people will complain one way or another, but I support the City Planning Commission's revised boundaries excluding properties fronting Olympic, north of 8th Street and the westerly side of Orange Grove.

Thank you,
Darren Poon

TO: Councilmembers David Ryu, Herb Wesson, and the members of the Planning and Land Use Committee

We, the residents of the Miracle Mile, demand that the areas excluded by the City Planning Commission from the original boundaries of the Miracle Mile Historic Preservation Overlay Zone (HPOZ) as approved by the Cultural Heritage Commission and endorsed by Mid City West Community Council [see map below] be reinstated into the HPOZ.

Excluding these historic multifamily buildings undermines the historic preservation of our neighborhood, jeopardizes 500 rent-stabilized units, and seriously depletes affordable, middle class, and workforce housing in our community.

As of March 15, 2017 this petition has received 810 signatures:
