Dear Councilman Ryu,

I am a resident living at 734 S. Stanley Ave, which is a rent stabilized apartment with the original boundaries of the Miracle Mile Historic Preservation Overlay Zone.

It's extremely upsetting to learn that the Planning Commission rewrote the Miracle Mile HPOZ boundaries at the last minute, affecting me and nearly 500 of my fellow renters.

I am VERY concerned about the impact this will have on my neighborhood and where I call home.

As one of your constituents, how are you going to protect me from being evicted from my home to make way for new, luxury developments?

Thank you.

Kevin Lawn

Hi Julia,

Pardon the second email, but I meant to say the boundaries originally approved by the Cultural Heritage Commission. I also wanted to take this opportunity to cc Ms. Sharon Dickinson.

Thanks again for your time.

Hi Julia,

Thank you for making yourself available. I would like to voice my favoritism toward restoring the boundaries of the HPOZ over CD4 as approved by the historical society.

I was raised near Philadelphia, and I cannot express enough the need to preserve our historical architecture as much as possible. For generations to come, people will be able to walk through and live in buildings of historical significance instead of knowing them only through photographs.

I believe this is something worth doing.

Best regards,

Josh Inselberg
