Dear PLUM Committee,

My Name is Alex Stemkovsky and I would like to express my opposition to the Miracle Mile HPOZ.

This HPOZ was not initiated by the city, it was proposed by a private organization comprised of a small number of residents. These people DO NOT represent the neighborhood.

I do not understand why with this much opposition to this measure that was not initiated by the city it is still being considered.

I hope you understand that the majority of people in Miracle Mile are opposed and I don't understand why we are being ignored.

I implore you to listen to your constituents who are against this. The proponents are a minority and do not represent the neighborhood.
