Community Impact Statement

Council File # 15 - 0314

At the general meeting of FTDNC on September 17, 2015, the board members voted 9 yes 0 no 1 abstain to OPPOSE passage of this motion because: 1) the recreational trails for the Lopez Canyon Landfill have been discussed for a number of years as part of the City's promise to have the Landfill remain as Open Space and used for Passive Recreation by the citizens as are the other City owned closed Landfills and should not be tied together with another project for the purpose of funding, 2) the public has not had a chance to comment on any part of a solar electrical generating facility planned in the feasibility study which refers to independent contracting of the electrical generation which is contradictory to the process as identified in the LADWP's Community Solar Plan where the City is the principal contractor.

Sincerely,

Kevin Davis, President FTDNC
