D. PUBLIC CONVENIENCE AND NECESSITY EVALUATION

The City of Los Angeles is very concerned if a new request to sell alcohol is subject to one of the conditions below. There is a strong likelihood that the City will deny your "public convenience or necessity" application if one of the above listed conditions apply to your site. (It is strongly suggested that you contact your Council Office and discuss your project. If the Council Office does not oppose your project, you should then check with your local area police vice unit as well as the Planning Department Public Counter at (213) 977-6083 for the determination of whether the proposed site is within a Specific Plan area, and the Community Redevelopment Agency (CRA) project staff at (213) 977-1682 or 977-1665, to determine if your site is in a CRA Project Area. If any of the five conditions listed below apply to your site, you should carefully consider if you want to file for a Public Convenience or Necessity finding.

1. The proposed site is in an area with a long-term level of undue concentration of alcoholic beverage outlets.
2. The geographic area is the target of special law enforcement activity, i.e., police task force is working on reducing vice in the area, or eliminating juvenile crime (such as cruising or graffiti) or gang activity.
3. The proposed site is in close proximity to sensitive uses, including schools, parks, churches, youth activities, homeless shelters, mental health or alcohol or drug treatment centers.
4. The geographic area has elevated levels of alcohol-related crimes, including but not limited to: public intoxication, driving under the influence, assault, vandalism, prostitution, drug violations, loitering.
5. The proposed site is located in a Specific Plan or Community Redevelopment Agency Project area which specifically includes a policy to control future alcoholic beverage sales.

E. If the project site is not subject to one of the above criteria, your project will be evaluated by the City Council with consideration given to the following possible benefits and detriments to the community:

1. Possible Benefits

Would the business:

- a. Employ local residents (how many)
- b. Generate taxes (provide estimate)
- c. Provide unique goods and services (which ones)
- d. Result in an aesthetic upgrade to the neighborhood (in what exact way)
- e. Contribute to the long term economic development (how)
- f. Provide a beneficial cultural/entertainment outlet (specify)
