The Honorable City Council, City of Los Angeles  
c/o City Clerk, Room 395, City Hall  
Attention: Honorable Mike Bonin, Chair, Transportation Committee and Honorable Council President Herb Wesson

Dear Council Member Bonin and Council President Herb Wesson,

I would like to respectfully petition City Council to request a new opinion from the sitting Attorney General in regards to the feasibility of excluding new developments granted parking reductions from Preferential Parking Districts.

With all due respect, the referenced opinion of Ms. Harris in the report dated Feb. 29, 2019 occurred seventeen months before the introduction of the Transit Oriented Communities Guidelines in Los Angeles. Ms. Harris' opinion does not take into consideration the fact that developers of TOC buildings are saving impressive sums of money by not including parking, that residents of TOC buildings are knowingly renting a unit without parking and thereby paying less in rent, and that the inclusion of TOC buildings in PPDs will destroy the fabric and sense of community in sensitive neighborhoods along the rail and bus lines in Los Angeles. Furthermore, the implications of allowing residents of TOC buildings to park within PPDs will contribute to a widespread protest of the further expansion of transit in Los Angeles.

In consideration of the substantial changes that have occurred since Ms. Harris' opinion was written in April 2016, it would be greatly appreciated if City Council requested a new opinion from the sitting Attorney General in regards to the feasibility of excluding new developments granted parking reductions from Preferential Parking Districts.

Sincerely,

~ Caeli Lynch, District 10

YESSSSS!!!!!! And yes, SLAANC is watching and supporting. I'd love to know the constitutional basis for Ms. Harris' opinion!
