Dear Council President Wesson and Councilmember Harris-Dawson:

I'm writing to share my support for Council File 15-0600-S62 for Council Member Koretz' motion dated November 6, 2018 in regards to "the feasibility of excluding new developments from Preferential Parking Districts that have been granted parking reductions by qualifying as Transit Oriented Communities projects or for an area that is rezoned under Transit Neighborhood Plans as part of a subway construction project."

Additionally, I am requesting that you review TOC 4 guidelines and make some level of adjustments for communities that are immediately adjacent to residential areas with primarily single family homes.

Respectfully,

Patrice Anderson
