NOTICE TO INTERESTED PARTIES

State law commonly referred to as the "Caldwell Bill" does not allow the State Department of Alcoholic Beverage Control (ABC) to issue a liquor license in cases where issuance would tend to create a law enforcement problem, the result of a high-crime area or would result in or add to an undue concentration of licenses (28698) the governing body of the affected city makes a finding that the granting of license would constitute such findings but failure of the city to act within the time limitations would allow the ABC to proceed to consider issuance of a liquor license without the input of the city.

The Los Angeles City Council will hold a public hearing on **Tuesday, June 23, 2015**, at approximately 10:00 a.m. or soon thereafter in Room 306, 100 North Spring Street, Los Angeles, California, 90012.
