Subject: Mobility Plan 2035

Dear Council Member Huizar:

I am writing to express my support for the Mobility Plan 2035 and to urge the PLUM committee to grant approval of the plan. Los Angeles is at a pinnacle moment and the Mobility Plan 2035 is a critical piece of policy which will help positively shape the city's transportation options into a twenty-first century world-class system. I see great potential in the plan's vision to transform the current urban environment from a car-dominated city into a balanced multi-modal network that makes the safety of its pedestrians a priority.

I respectfully request that the committee expeditiously approve the Mobility Plan 2035 as currently proposed.

Sincerely,

Robert A. Jernigan FAIA, LEED AP
Regional Managing Principal
