

An ordinance amending Chapter 1, Article 11 of Division 10 of the Los Angeles Administrative Code to maintain the wages for airport workers in a manner aligned with the local minimum wage, to align the cost of health benefit for covered airport workers to the Consumer Price Index, to ensure that airport workers covered under a collective bargaining agreement that supersedes this ordinance are paid a living wage, to provide certain airport employees with release time to attend emergency response training, to include additional exemptions for employees with qualifying health plans and other technical changes.

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

Section 1. Chapter 1, Article 11 of Division 10 of the Los Angeles Administrative Code is amended in its entirety to read as follows:

CHAPTER 1, ARTICLE 11

LIVING WAGE

Sec. 10.37. Legislative Findings.

The City awards many contracts to private firms to provide services to the public and to City government. Many lessees or licensees of City property perform services that affect the proprietary interests of City government in that their performance impacts the success of City operations. The City also provides financial assistance and funding to other firms for the purpose of economic development or job growth. The City expends grant funds under programs created by the federal and state governments. These expenditures serve to promote the goals established for the grant programs and for similar goals of the City. The City intends that the policies underlying this article serve to guide the expenditure of such funds to the extent allowed by the laws under which such grant programs are established.

Experience indicates that procurement by contract of services all too often has resulted in the payment by service contractors to their employees of wages at or slightly above the minimum required by federal and state minimum wage laws. The minimal compensation tends to inhibit the quantity and quality of services rendered by those employees to the City and to the public. Underpaying employees in this way fosters high turnover, absenteeism and lackluster performance. Conversely, adequate compensation promotes amelioration of these undesirable conditions. Through this

article, the City intends to require service contractors to provide a minimum level of compensation which will improve the level of services rendered to and for the City.

The inadequate compensation leaves service employees with insufficient resources to afford life in Los Angeles. Contracting decisions involving the expenditure of City funds should not foster conditions that place a burden on limited social services. The City, as a principal provider of social support services, has an interest in promoting an employment environment that protects such limited resources. In requiring the payment of a higher minimum level of compensation, this article benefits that interest.

In comparison with the wages paid at San Francisco International Airport, the wage for Los Angeles airport workers is often lower even though the airports are similar in the number of passengers they serve and have similar goals of providing a living wage to the airport workforce. Studies show that higher wages at the airport leads to increases in worker productivity and improves customer service. Higher wages for airport workers also results in a decline in worker turnover, yielding savings to the employers and alleviating potential security concerns. Therefore, the City finds that a higher wage for airport employees is needed to reduce turnover and retain a qualified and stable workforce.

Many airport workers who provide catering services to the airlines are paid below the living wage. Federal law allows employment contract agreements between airline caterers and its workers to remain in effect without an expiration date, effectively freezing wages for workers. Long-term employment contract agreements provide little incentive for employers to renegotiate the employment contract agreements with their workers. Airline catering workers often struggle to pay their bills, sometimes having to choose between paying medical bills and buying food for their families. The City finds that airline caterers should pay their workers, at a minimum, the living wage with benefits.

Airport workers are also the first to respond when an emergency occurs at the airport. In order to properly assist first responders during a crisis at the airport, the City finds that airport employees of Certified Service Provider License Agreement holders should be formally trained for an emergency response at the airport.

Nothing less than the living wage should be paid by employers that are the recipients of City financial assistance. Whether workers are engaged in manufacturing or some other line of business, the City does not wish to foster an economic climate where a lesser wage is all that is offered to the working poor.

The City holds a proprietary interest in the work performed by many employees of City lessees and licensees and by their service contractors, subcontractors, sublessees and sublicensees. The success or failure of City operations may turn on the success or failure of these enterprises, for the City has a genuine stake in how the public perceives the services rendered for them by such businesses. Inadequate compensation of these employees adversely impacts the performance by the City's

lessee or licensee and thereby hinders the opportunity for success of City operations. A proprietary interest in providing a living wage is important for various reasons, including, but not limited to: 1) the public perception of the services or products rendered to them by a business; 2) security concerns related to the location of the business or any product or service the business produces; or 3) an employer's industry-specific job classification which is in the City's interest to cover by the living wage. This article is meant to cover all such employees not expressly exempted.

Requiring payment of the living wage further serves a proprietary concern of the City. If an employer does not comply with this article, the City may: 1) declare a material breach of the contract; 2) declare the employer non-responsible and limit its ability to bid on future City contracts, leases or licenses; and 3) exercise any other remedies available.

(d) The DAA may audit an Employer at any time to verify compliance. Failure by the Employer to cooperate with the DAA's administrative and enforcement actions, including, but not limited to, requests for information or documentation to verify compliance with this article, may result in a determination by the DAA that the Employer has violated this article.

(e) An Employee claiming violation of this article may report the claimed violation to the DAA, which shall determine whether this article applies to the claimed violation.

(1) If any of the Employee's allegations merit further review, the DAA shall perform an audit; the scope of which will not exceed four years from the date the complaint was received.

(2) If the claimed violation is filed after a contract has expired, and information needed for the review is no longer readily available, the DAA may determine this article no longer applies.

(3) In the event of a claimed violation of the requirements relating to compensated time off, uncompensated time off or wages, the DAA may require the Employer to calculate the amount the Employee should have earned and compensate the Employee. Nothing shall limit the DAA's authority to evaluate the calculation.

(i) If the DAA determines that an Employer is in violation of Section 10.37.2(b), the time owed must be made available immediately. At the Employer's option, retroactive compensated time off in excess of 192 hours may be paid to the Employee at the current hourly wage rate.

(ii) If the DAA determines that an Employer is in violation of Section 10.37.2(c), the Employer shall calculate the amount of uncompensated time off that the Employee should have accrued. This

time will be added to the uncompensated time off currently available to the Employee and must be available immediately.

(f) Where the DAA has determined that an Employer has violated this article, the DAA shall issue a written notice to the Employer that the violation is to be corrected within ten days or other time period determined appropriate by the DAA.

(g) In the event the Employer has not demonstrated to the DAA within such period that it has cured the violation, the DAA may then:

(1) Request the Awarding Authority to declare a material breach of the Service Contract, Public Lease or License, or financial assistance agreement and exercise its contractual remedies thereunder, which may include, but not be limited to: (i) termination of the Service Contract, Public Lease or License, or financial assistance agreement; (ii) the return of monies paid by the City for services not yet rendered; and (iii) the return to the City of money held in retention (or other money payable on account of work performed by the Employer) when the DAA has documented the Employer's liability for unpaid wages, health benefits or compensated time off.

The DAA may require an Awarding Authority to inform the DAA about all contracts in the manner described by regulation. The DAA shall also establish Employer reporting requirements on Employee compensation and on notification about and usage of the federal Earned Income Credit referred to in Section 10.37.4. The DAA shall report on compliance to the City Council no less frequently than annually.

Beginning May 5, 2020 and every third year thereafter, the City Administrative Officer and the Chief Legislative Analyst shall conduct or commission an evaluation of this article's operation and effects. The evaluation shall specifically address at least the following matters:

Any collective bargaining agreement that purports to supersede any requirement of this article shall be submitted by the Employer to the DAA.

The definitions of "City Financial Assistance Recipient" in Section 10.37.1(f), of "Public Lease or License" in Section 10.37.1(l), and of "Service Contract" in Section 10.37.1(m) shall be liberally interpreted so as to further the policy objectives of this article. All City Financial Assistance Recipients meeting the monetary thresholds of Section 10.37.1(f), all Public Leases and Licenses (including subleases and sublicenses) where the City is the lessor or licensor, and all City contracts providing for services shall be presumed to meet the corresponding definition mentioned above, subject, however, to a determination by the DAA of non-coverage or exemption on any basis allowed by this article, including, but not limited to, non-coverage for failure to satisfy such definition. The DAA shall by regulation establish procedures for informing persons engaging in such transactions with the City of their opportunity to apply for a determination of non-coverage or exemption and procedures for making determinations on such applications.

Sec. 10.37.14. Contracts, Employers and Employees Not Subject to This Article.

The following contracts are not subject to the Living Wage Ordinance. An Awarding Authority, after consulting with the DAA, may determine whether contracts and/or Employers are not subject to the Living Wage Ordinance due to the following:

(a) a contract where an employee is covered under the prevailing wage requirements of Division 2, Part 7, of the California Labor Code unless the total of the basic hourly rate and hourly health and welfare payments specified in the Director of Industrial Relations' General Prevailing Wage Determinations are less than the minimum hourly rate as required by Section 10.37.2(a) of this article.

(b) a contract with a governmental entity, including a public educational institution or a public hospital.
