

It's common sense: higher voter participation will hold elected officials accountable to the public. Charter Amendment 2 would bring sunlight to our elections by tripling voter turnout, so that special interests can't operate in the shadows.

Even the chief opponents of Charter Amendment 2 have admitted that the reforms in **Charter Amendment 2 would lead to "A larger turnout."**

We agree.

Opponents claim higher turnout elections would pose "an unknown cost."

That's because there is NO cost.

Every independent analysis says Charter Amendment 2 will *save* money because the LAUSD will no longer have to pay the costs for printing, mailing ballot pamphlets, hiring poll workers, and other election-related expenses.

Vote YES to put power back in the hands of the voters, not the special interests.

Vote YES to save taxpayer dollars needed to fund schools, libraries and parks—not more elections.

Vote YES on Charter Amendment 2.
