Dear Los Angeles City Clerk:

We are writing to you because you have approved a Motion to celebrate Indigenous Peoples' Day. As yet, you have not assigned a date for this celebration and ask that it not be on October 12, Columbus Day, a day to honor the contributions made by famed explorer and navigator, Christopher Columbus. It is respectfully asked that you recognize the culture, heritage and contributions that our ancestors have made to this great country and request that you honor Indigenous Peoples' Day on another date.

Thank you.

Sincerely,

The Ernest M. Strollo Lodge #683
