Milestone II: 5 megawatts by March 31, 2016

Milestone III: 5 megawatts by December 31, 2016; and

WHEREAS, in order to support the development and construction of FiT50 projects, HECATE FIT "A", LLC requested the milestone schedule to be extended; and

WHEREAS, the parties anticipate that an extension of the milestones would increase the likelihood of project completion.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein set forth, the Parties hereto agree as follows:

1. Section 3.4 of the Agreement is deleted and replaced in its entirety as follows:

Section 3.4 Commercial Operation Schedule.

Each Facility must achieve Commercial Operation in accordance with the fulfillment rules in Appendix A. Seller shall provide Buyer with certification demonstrating that each individual Facility has reached Commercial Operation. Milestone I– 4 megawatts of Facilities with each Facility having a Commercial Operation Deadline of December 31, 2015

Milestone II – 5 megawatts of Facilities with each Facility having a Commercial Operation Deadline of December 31, 2016

Milestone III – 5 megawatts of Facilities with each Facility having a Commercial Operation Deadline of February 28, 2017

Section 3.6 Performance Security.

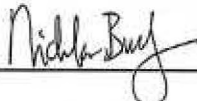

Seller shall provide Performance Security in the form of an irrevocable letter of credit in the amount of \$200 for each kilowatt of the total Agreement Capacity to Buyer on or prior to the Effective Date. Seller shall maintain Performance Security until Commercial Operation milestones are achieved as set forth in this Section 3.6. Seller will be required to reach Commercial Operation milestones of 4 megawatts by December 31, 2015, 5 megawatts by December 31, 2016, and 5 megawatts by February 28, 2017. If milestones are not met, liquidated damages funded by the performance security will be collected, prorated based on the kilowatt(s) not in Commercial Operation by the Seller. If the kilowatt milestones are not met for any particular milestone, those kilowatts that do not achieve Commercial Operation will be forfeited for the remainder of the Agreement. If no kilowatt(s) are in Commercial Operation by December 31, 2016, the remaining performance security will be forfeited and the Seller will forfeit the right to further sell energy for all remaining Capacity under this Agreement. In the event that Seller cannot meet either Milestone II or Milestone III due to delays caused by Buyer, Seller's sole remedy will be an extension of Milestone III for up to three months, as determined by the Buyer at Buyer's sole discretion. After all performance security due to Buyer, if any, is received by Buyer as a result of the completion of the Commercial Operation milestone process described in this Section 3.6 for the milestones, Seller has no further obligation to

maintain any letter of credit or other performance security for the remainder of the Agreement Term. Prior to Buyer granting an extension for Milestone II and III, Seller must provide evidence that any letter of credit or other performance security is active and available for the remainder of the Agreement Term.
