

MOTION

RULES, ELECTIONS & INTERGOVERNMENTAL RELATIONS

It is in the public interest for elected offices to create orderly transitions between one elected official and a successor.

The Office of the Mayor has such a protocol for transitions between administrations, but the City Council does not have an official protocol for transitions.

I THEREFORE MOVE, to instruct the Chief Legislative Analyst, with assistance from the City Attorney's Office, to report back to the Council on recommendations for a standardized transition plan for City Council Offices.
