Re: LADWP Water Rate Ordinance

We protest the proposed LADWP Water Rate Ordinance and rate increase. The ordinance does not incentivize water conservation, but instead appears to be designed to maximize revenue. Single – Dwelling Unit Residential Tier 1 and below volume users will be hardest hit. This does not incentivize water conservation. This punishes those who have been conserving. Maintain existing rates for these users and increase, above current plan, costs for Tier 3 and 4 users to incentivize water conservation. Tier 1 residential users are being punished for saving water and the LADWP is putting revenue before conservation.

Appalled,
