

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

15-1543

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

* To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

- ① Your name (or the name of the DWP customer)
- ② Your address (the property address, not a P.O. Box or billing address)
- ③ The words, "LADWP Water Rate Ordinance"
- ④ The words, "I protest" or "We protest"
- ⑤

Mail or hand-deliver it to:

City Clerk

200 N. Spring Street, Room 395

Los Angeles, CA 90012

PROTEST

mail by Feb 10th

It must arrive by the morning of February 17 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.

Not only do I object to a rate increase, the current rates are OUTRAGEOUS!!!
These rates at approximately \$350 per month, make it difficult to make the mortgage payment and taxes. We reduced our water usage in 2014. We NEVER saw a REDUCTION in our rates. It has been documented as the WORST public utility in Southern California. We need to fire all the current managers, and replace them with people who understand they are a huge negative their customers, to have a basic right: clean water.

PROTEST

mail by Feb 10th

It must arrive by the morning of February 17 to be counted. One protest per address will count. If half of all DWP customers file a valid protest, the rate hike will not be imposed. It must be on paper to be valid, no e-mail or calls will count, although you can certainly call your City Council representative and express your views. It might help.

PROTEST THE LADWP WATER RATE INCREASE!

Why we oppose the five-year rate increase:

15-1543

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies—while LADWP plans a “cost-of-living” raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for “adjustment factors,” which raise your rates in-between the other rate increases. These extra charges will now be unlimited, and they can be increased over and over, without City Council approval.

To protest the new water rate ordinance, just write on a piece of paper (you can use the lower portion of this one):

- ① Your name (or the name of the DWP customer)
- ② Your address (the property address, not a P.O. Box or billing address)
- ③ The words, “LADWP Water Rate Ordinance”
- ④ The words, “I protest” or “We protest”
- ⑤ Mail or hand-deliver it to:

We strongly protest to the new "LADWP Water Rate Ordinance"

Why we oppose the five-year rate increase:

- According to the LADWP's own benchmarking study and a review by the ratepayer advocate and an independent study, LADWP salaries and benefits are higher than comparable utilities, higher than comparable jobs for L.A. City, and higher than comparable jobs across the nation, yet nothing is being done about it except calls for more studies-while LADWP plans a "cost-of-living" raise in 2016.
- The new water rate ordinance lifts the cap that limits the extra charges for "adjustment factors," it will be increased over and over without limit.
